

## TOKYO WARSHIP LOSSES JUMP TO 61

FRESH SOVIET  
THRUST AIMED  
AT BUDAPESTREDS JUMP BARRIER  
TO HUNGARIAN  
CAPITAL

BY W. W. HERCHER

London, Oct. 30 (P)—The Red army began a large-scale dawn offensive aimed at Budapest today, attacking with powerful artillery, tank and plane support on a wide front 50 miles from the Hungarian capital, Berlin announced tonight.

An almost continuous roar of Russian and German artillery could be heard for 50 miles north and south of the west bank Tisza river stronghold of Szolnok, German broadcasts said.

The Moscow communique did not mention the offensive, nor another huge one in western Latvia, but announced the capture of a number of localities in Czechoslovakia and northeastern Hungary.

The Soviet bulletin said Gen. Ivan Petrov's Fourth Ukrainian army, which already has conquered Rutenia and is invading Slovakia to the west, had captured 10,160 Germans between Friday and Sunday, making a 10-day total of 21,390.

## Last River Crossed

Far to the southwest, on the Hungarian plains, Berlin said that Soviet Marshal Rodion Y. Malinovsky's Second Ukrainian army already had forced the Tisza river at many points, breaking across the last natural defense line before Budapest, by using "unprecedented masses of men and material."

Two "major Soviet bridgeheads" thrown across the river north of Szolnok, 50 miles southeast of the capital, were crushed, Berlin claimed, and Hungarians and Germans were fighting furiously south of that pivot city in an effort to halt the Russians.

In the past week the Germans have acknowledged Russian crossings of the Tisza in at least three areas south of Szolnok—at Toszeg, five miles below that hinge city, at Tiszafoldvar, and at Tiszakurt, 19 miles south of Szolnok.

On the third day of the big new Soviet offensive in western Latvia, aimed at crushing perhaps 100,000 Nazis pocketed between fallen Riga and the Baltic port of Liepaja, the Germans said the Russians still were pounding Axis lines near Priekule, 20 miles southeast of Latvia, and had advanced several miles in the area of Auce, 70 miles east of Liepaja. Auce was captured by the Russians Sunday, Berlin said.

## Heavy Losses Admitted

In East Prussia the Germans said Russian troops had been thrown out of Schlossberg, road junction town 14 miles inside the Reich from the border town of Schirwindt, after a bitter house-to-house battle. Moscow has never claimed Schlossberg (Pillkallen).

Both sides were losing heavily in the violent battles on German soil. A transcon broadcast asserted the Russians had lost 80 per cent of their men and material, but at the same time admitted German losses were "very high," and warned against undue optimism about the danger still facing East Prussia.

The German high command meanwhile said that Axis troops had concluded a bitter three-week fight in the area of Debrecen, 115 miles east of Budapest, and achieved its primary purpose of foiling Russian efforts to encircle Axis formations retreating out of

FLAG DAY IN AACHEN—Contrasting attitudes toward flags are seen in the photos above.

tudes toward flags are seen in the photos above, taken in Aachen, Germany, after its capture by the Allies. At left, above, is a German prisoner who, taking no chances on getting shot, draped himself in the biggest Red Cross flag he could find

when he surrendered. The old woman at right, although a German, is no Nazi-lover, judging by the vicious tramping she's giving a swastika flag, thrown onto the street by Allied soldiers. (NEA Photos.)

Vote Of 44,102,000  
Expected On Nov. 7

Washington, Oct. 30 (P)—A survey disclosed today that state election officials expect at least 44,102,000 persons, including 3,392,000 service men and women, to vote Nov. 7.

These figures, compiled by the Associated Press, are based on incomplete registration reports and officials' estimates. Only a few states keep official registration tabulations.

Some officials gave varying estimates, but even the higher ones

DRIVE WINDS UP  
FOR ROOSEVELTFourth Term Campaign  
Touring Ends With  
Boston Speech

Washington, Oct. 30 (P)—President Roosevelt will wind up his fourth term campaign touring with a speech in Boston, probably Saturday night, and an election eve talk to his neighbors in Dutchess county, New York.

But a much-discussed speaking appearance in Cleveland appeared unlikely tonight as the White House worked out final details of the campaign's closing week.

Mr. Roosevelt's political advisers, Presidential Secretary Stephen Early said, want him to go to Ohio but the president "told them he didn't think he could possibly go to Ohio and Massachusetts both" in view of his duties here. He told them to make a choice and Early said they picked Boston unanimously.

Early said Mr. Roosevelt's advisers were encouraged by the president's week-end trip through seven states and two major speeches at Philadelphia and Chicago.

His journey into Massachusetts will take him to Boston three days after his opponent, Gov. Thomas E. Dewey, appears in that city. From Boston the president probably will go home to Hyde Park for a final round of appearances in Dutchess county communities and a speech at Poughkeepsie before casting his fourth term ballot.

More Tires Coming  
For B-C Motorists

Washington, Oct. 30 (P)—More tires will be available for "B" and "C" ration holders in November, but none is in sight for "A" drivers.

The Office of Price Administration announced today that 1,850,000 new automobile tires will be available for rationing in November, an increase of 250 over the October quota.

## VICTORY OFF NORWAY

London, Oct. 30 (P)—Six German ships have been sunk and 18 damaged by carrier-borne aircraft of the Royal Navy home fleet in strikes against the Norwegian coast, an official admiral's communique declared tonight.

RADICALS FOUND  
IN WHITE HOUSECheering Detroit Crowd  
Hears Bricker Blast  
Foreign Influence

BY E. E. EASTERLY

Detroit, Oct. 30 (P)—Gov. John W. Bricker, winding up his western tour before the biggest indoor crowd he has faced in his campaign for the vice presidency, declared tonight that a list of federal employees with "subversive records," extended into the White House.

The Republican nominee, who has traveled 10,000 miles and through 22 states since Oct. 1, appeared before a cheering, whistling throng in the mammoth Olympia theatre estimated at 15,000 persons by Police Sgt. E. L. Judson.

Seeking to show a tieup between the New Deal and a "foreign influence," the Ohio governor read the names of seven persons, among them a secretary to President Roosevelt, who he said a congressional committee had listed as the possessors of "subversive records."

The list was read in a recitation of "facts" which, Bricker asserted, "conclusively prove that Franklin Roosevelt and the New Deal are in the hands of radicals and the Communists."

China's Stalingrad  
To Be At Kweilin;  
Flank Gains Scored

BY SPENCER MOOSA

Chungking, Oct. 30 (P)—Chinese troops striking against the right flank of Japanese forces advancing on Kweilin recaptured Tzuyuan yesterday, and seized a large quantity of supplies, the high command announced today. Remnants of the enemy force fled southward, it added.

The high command said intensive fighting continued on the outskirts of Kweilin, the objective of an all-out offensive launched against the Kwangsi stronghold last Friday by the Japanese. Chinese military leaders have said Kweilin, former site of an American air base, would be "China's Stalingrad."

Other Chinese forces battled Japanese troops north of Ling-shwan, 13 miles above Kweilin. To the east still another group of Chinese attacked the enemy in an area about 12 miles from Kweilin. On the west river front, south of the Kweilin battle area, Japanese troops driving on Luichan, and last reported 25 miles west of their forward base at Pingham, were being attacked by Chinese in hill country, the bulletin said.

It was officially disclosed that Maj. Gen. Claire L. Chennault, a senior ranking officer in the China theater, now is serving as acting commander until Maj. Gen. Albert C. Wedemeyer arrives to take up his new duties as commander of American forces in China, replacing Gen. Stilwell.

## 73 UNIDENTIFIED BODIES

Cleveland, Oct. 30 (P)—Seventy-three unidentified bodies of victims of the East Ohio Gas Co. explosions and fire will be given mass burial, Mayor Frank J. Lausche and Coroner S. R. Gerber announced today.

GERMANS PUT  
TO FLIGHT IN  
MAAS SECTORCANADIANS CLEAR  
OUT APPROACHES  
TO ANTWERP

BY HOWARD COWAN

London, Oct. 30 (P)—German positions in southwestern Holland were breaking tonight under tremendous pressure from two Allied armies which in gains of up to five miles squeezed an estimated 40,000 of the enemy into a 40-mile strip along the Maas ranging from 1½ to nine miles deep.

At the same time the enemy stronghold on the great harbor of Antwerp was slipping fast, and a bold German attempt to weaken the Allied offensive here by an attack in Eindhoven collapsed.

German troops were pounded mercilessly from the sky as they streamed north to escape over the Maas river by boat and ferry at Willemstad, by the long road and rail bridges at Moerdijk, eight miles east, and by a third bridge north of Geertruidenberg, a dozen miles farther east.

## Weather Aids Escape

But as night and the weather closed in, more and more Germans were getting across and retreating beyond to Dordrecht, 10 miles southeast of Rotterdam. A British spokesman admitted the bulk probably would escape.

The British captured Roosendaal, last major enemy stronghold south of the Maas. There the British had been held up for 36 hours, although they were in force but they broke into the city today almost unopposed, indicating the extent of the collapse.

The Canadian drive to clear up Antwerp's approaches raced on with the same bewildering speed, and all organized resistance on the south bank of the Schelde and on South Beveland island was crushed.

## Drive Stopped Cold

Dominion troops compressed the reeling Germans into a small pocket on the swampy south coast of the Schelde estuary from which the enemy can no longer fire on Allied ships which choose to enter the estuary.

An ambitious German drive in eastern Holland, probably designed to ease the pressure on all

(Continued on Page Two)

TOMMIES CATCH  
HUNS IN GREECERetreating Troops Dealt  
Sharp Defeat Near  
Yugoslav Border

Rome, Oct. 30 (P)—British troops caught up with fleeing German forces in northern Greece and inflicted a sharp defeat on the enemy in capturing the town of Kozane, 55 miles northeast of Salonika and only 40 miles from the Yugoslav border. Allied headquarters announced today.

Previously only Greek Patriot forces had managed to harass the withdrawing Germans, but now British armored patrols were reported pressing hard after Nazi rearguards.

Kozane is one of the enemy's main escape routes from the lower Balkans. Earlier reports that enemy demolition squads were destroying Salonika's port facilities were borne out by Allied fliers, who reported seeing large explosions and fires in the dock area.

Allied fighter planes attacked rail traffic in the Salonika area, destroying seven locomotives and 10 cars, and damaging 11 other locomotives, a communique said.

Special Delivery  
And COD Fees Up

Washington, Oct. 30 (P)—An increase in special delivery and C.O.D. fees will go into effect beginning Wednesday, while postal money order and insurance costs will be decreased.

Special delivery stamps for letters weighting not more than two pounds will cost 13 cents instead of 10 cents, while for non-letter material, such as newspapers and parcel post items of the same weight class they will cost 17 cents instead of 15. Other special delivery charges are unchanged.

Newcomer to the money order field is the postal note. Its five-cent rate for amounts from one cent to \$10 is expected to make possible considerable savings to the department. As a result money order fees are reduced to a level which existed prior to March 26.

It's Time For A Change  
(An Editorial)

The people of America who, on Nov. 7, will elect a president of the United States, to head our government for the next four years, have a right to examine the qualifications and the records of the candidates for that high office.

Few men in public life have come as near as has President Roosevelt in expressing and dramatizing the mood and the will of our people—yet few have appeared to hold the people, themselves, in so little trust. He is sensitive to mass reactions yet he seems to have contempt for the intelligence of the average man. He has great masculine vitality—yet is vain, self centered and jealous. He is capable, at times, of vast concepts and bold executions—yet these qualities are too often offset by smallness, trickery and vindictiveness.

His reactions toward those who disagree with him are punitive and he has not hesitated to use the high power of his office to purge those who have the temerity to disagree with him.

He has insisted upon treating his own party leaders, as well as Republicans, as his stooges and has given way to violent fits of rage whenever any member of the House or Senate has dared to stand on his constitutional rights.

Mr. Roosevelt's ten years of endless warring with our national legislature proves that if the World Organization Council of Nations is to succeed, he must be retired as president of this nation.

There must be cooperation at home or there cannot be co-operation abroad.

IT IS TIME FOR A CHANGE.

Japan Has Only Naval  
Runt Now, Says Halsey

BY REMBERT JAMES

Aboard Flagship, American Third Fleet, Oct. 26 (Delayed) (P)—(Via Navy Radio)—The Japanese fleet has become a naval runt and will remain a runt in spite of everything the Japanese can do to recover from its newest defeat, Adm. William F. Halsey, Jr., said today.

"The best information we have, the Admiral told a press conference, 'is that their ship repair facilities were taxed to the utmost before this catastrophic beating they took.'

"How or when they can repair

the damaged ships of their navy that may eventually reach port will be a very serious problem to solve. There's many a headache in Japan today. I am glad I am not a senior officer in the Japanese navy. And I don't mean this merely because I don't like Japs."

Halsey's staff estimated that out of 55 ships that attempted a princely movement against the Third and Seventh American fleets in the Philippines at least 30 were sunk and most of the remainder severely damaged.

In a communique Oct. 29, issued at Pearl Harbor, Adm. Chester W. Nimitz listed 53 enemy warships sunk or damaged, with 24 definitely sunk.

All the Japanese naval forces involved were severely crippled, Halsey said, and in consequence will be incapable of anything except suicidal action for months to come.

That was all the navy Japan had, Halsey added, except "two or three more units we can take in our stride."

The admiral expressed doubt that the enemy ever would admit the losses.

"All Japanese are congenital liars from top to bottom," Halsey said.

"They will suppress all this they can."

JAPANESE FALL  
BACK IN BURMANew Offensive Started  
To Clear Land Route  
Into China

Chungking, Oct. 30. (P)—British and Chinese troops have opened a new offensive in north Burma to clear a land route to China, the Chinese high command announced today, with the Chinese advancing toward Bhamo and British forces striking toward Mandalay, 170 miles to the southwest.

(A communique from Admiral Lord Louis Mountbatten's south-east Asia command headquarters at Kandy, Ceylon, confirmed the new drive and said Gen. Joseph W. Stilwell, just removed as American commander in the China-Burma-India theater, had planned the offensive.

(Mountbatten's communique said Chinese troops had advanced 57 miles south along the Bhamo road, and that British 36th division units had moved more than 26 miles toward Katha along the Mogaung-Mandalay-Rangoon railroad.)

The Chinese high command said Chinese troops occupied Hyothit, 24 miles north of Bhamo, virtually without a fight. The high command said the British striking from Hopin had advanced 36 miles.

The Chinese communique said probing operations had been going on from the Myitkyna area since Oct. 15.

The high command said the Japanese were falling back steadily before the advancing Chinese.

Tugwell's Cabinet  
Ordered Arrested

San Juan, Puerto Rico, Oct. 30. (P)—Arrest of the entire cabinet of Gov. Rexford G. Tugwell for contempt of court was ordered today by District Judge Marcelino Romany in a dispute over a \$16,000,000 war emergency council appropriation.

Tugwell, himself, was not included in the proceedings brought by Senator Celestino Iriarte, head of the united opposition parties.

BATTERED JAP  
FLEET HIT AT  
LUZON ISLANDU. S. GROUND FORCES  
PUSH CLEANUP  
ON LEYTE

BY CHARLES McMURTRY

U. S. Pacific Fleet Headquarters, Pearl Harbor, Oct. 30. (P)—American naval airmen heaped new damage on the battered Japanese navy in week-end raids on Luzon Island, increasing to 61 the toll of enemy warships sunk or damaged within a week in Philippine waters.

Adm. Chester W. Nimitz announced the new strikes today with the following results:

One heavy cruiser probably sunk.

Two cruisers damaged.

One oil tanker damaged.

Three coastal cargo vessels sunk.

Ninety enemy planes destroyed.

The three cruisers may have been fleeing to home waters from last week's engagement off Samar Island and in the Sibuyan Sea, although today's communique did not say so.

## Air Force Whipped

The cruiser probably sunk and one of those damaged were caught in Manila Bay. The third was severely damaged by two 1,000-pound bombs at Cavite, the former American naval base across the bay from Manila.

The enemy air force tried hard to get at Mitscher's carriers, a part of Adm. William F. Halsey's mighty Third fleet. Twelve Japanese fighters and divebombers were shot down near the carriers Saturday and two more on Sunday.

Airborne interception met the carrier planes when they appeared over Luzon and the Manila area Saturday. Forty-five enemy fighters were shot from the skies and 12 destroyed on the ground of Manila airfields. The airfields were badly hit and fires raged.

In his summary of the three naval actions Adm. Chester Nimitz, chief of the Pacific fleet, listed 58 Japanese men-of-war as sunk, probably destroyed or damaged. He said his reports "still subject to revision as more information is received, indicate an overwhelming victory for the Third and Seventh United States fleets." He added "The Japanese fleet has been decisively defeated and routed" and said the battle ranked as one of the major sea actions of the Pacific war.

## ROAD JUNCTION CLEARED

MacArthur's Headquarters, Philippines, Tuesday, Oct. 31 (P)—(via Army radio)—American troops advanced up the Leyte valley to within 10 miles of the west coast and units of the 24th division drove Japanese rear guard troops out of Jaro, last important road junction below Carigara bay, Gen. Douglas MacArthur announced today.

After freeing Jaro, the 24th division troops moved on north, seeking a junction with troops of the dismounted First cavalry op-

# SGT. HOLMLUND DIES IN ACTION

## Husband Of Local Girl Killed In Holland October 11

Staff Sgt. Robert W. Holmlund, 32, husband of the former Frances Gherna, daughter of Mr. and Mrs. John Gherna of 509 First avenue south, was killed in action in Holland October 11, according to word received Sunday by Mrs. Holmlund.

Born in Minneapolis, Minn., February 22, 1912, Sgt. Holmlund was employed by the Greyhound Bus company prior to his entering the U. S. Army. He was driver of a bus on the route between Rapid River and the Copper Country.

On June 26, 1942, he and the former Frances Gherna were married in Escanaba.

Entering service May 26, 1942, he had served overseas for two years, first in Iceland, than in England, Ireland and on July 10 of this year landed in France. He was recently promoted to staff sergeant from private first class while in combat in the Holland area.

Surviving besides the widow are his mother, Mrs. Erick Holmlund of Minneapolis, three brothers, all in service, and six sisters. Mrs. Holmlund, who is ill with a heart ailment, is not expected to come to Escanaba, but one of Sgt. Holmlund's sisters, Mrs. Wallie Johnson, is expected to be here within a few days.

# Bankers To Meet Saturday, Nov. 4

Upper Peninsula bankers will attend a meeting of Group One of the Michigan Bankers Association at the Northland hotel in Marquette on Saturday, Nov. 4.

The meeting will open at 2:30 p. m. with Chairman Fred K. Shafer, Sault Ste. Marie, presiding. Marshall Corns of Chicago, management engineer and consultant to banks and bankers, will give a talk on management standards. A panel discussion on service charges will be conducted by Ernest L. Pearce of Marquette.

E. William Nelson, commissioner of the state banking department, will discuss postwar bank deposits. Otis Preston of Minneapolis will represent the federal reserve bank at the meeting.

Speakers at the banquet in the evening will be W. B. Cudlip and Joseph M. Dodge of Detroit.

It is estimated the average American drinks 42 bottles of soda water a year.

It requires a temperature of 1775 degrees Centigrade to melt platinum.

# WHY

Thoughtful Voters of Michigan Who are Interested in Good Government and Responsible Home Rule Will Vote "NO" on Proposal No. 4 on Nov. 7.

# BECAUSE

1. This Amendment DOES concern the whole state, not Wayne alone, as its sponsors contend. It is aimed at BREAKING DOWN local government. Attempts to pass a similar amendment applying to all counties were heavily defeated in 1924 and 1936. Then, two years ago the effort to take one county at a time began. Again they failed, but the defenders of local government must now rally to decisively reject this proposal for all time.
2. Proposal No. 4 would destroy the two-party system of government, as American as the Liberty Bell, by substituting "nonpartisan" candidates for county offices, all of whom would be elected AT LARGE and responsible to no group!
3. Detroit's present city and legislative officials, now elected AT LARGE, have been notoriously inefficient and corrupt. In grand jury actions one-third of the city council, the MAYOR and a host of police officers were indicted and convicted! The majority of Detroit state legislators in 1944 were indicted and convicted of graft!
4. By giving two-thirds control to Detroit, Proposal No. 4 would destroy home rule for 11 cities and 16 townships in Wayne county. Detroit's debt has soared over 1,000 per cent since 1919; Wayne county's debt, due to thrifty government, has decreased 13 per cent!

That's why the Michigan Institute for Local Government and the Committee for Representative Government join in urging you to

Vote "NO"  
Proposal No. 4  
(Political Advertisement)

# Newsprint Shortage Relief Is Not Near

Washington, Oct. 30 (AP)—Relief from the printing paper shortage cannot be expected before mid-1945, the War Production Board announced today.

In an official forecast made at the request of newspaper, magazine and book publishers to counteract any tendency toward public overoptimism, WPB said an early victory in Europe would mean no substantial relief for the paper supply.

"Prospects that V-E day in itself, eventual as it will be to the American public, will automatically slide pulpwood into the paper making mills are nil," said J. Hale Steinman, director of the WPB printing and publishing division.

The possibility of an increased pulpwood cut in Canada, which will not come down the streams until next spring, is a major factor in any possible over-all improvement in newsprint paper supply."

# Start Classes For New C.A.P. Members

Classes for enrollees and cadets who are being taken into membership of the Escanaba Civil Air Patrol will start at 7 o'clock Thursday evening in room 151 of the junior high school. All those who in the past have expressed a desire to become members and who are interested in becoming active members of the organization are being invited to attend these sessions.

Instruction will be provided in radio code, principals of military courtesy and discipline and in pre-flight training. Military drill will be in charge of a veteran of World War II.

The cadets are C.A.P. members who are under 18 years of age and instruction is provided in military matters which will be of advantage to them in future affiliation in the armed services.

# Hallowe'en Funfest Takes Place Tonight

It will be funny faces, side shows and fun for the kids tonight when the 23rd annual Hallowe'en carnival gets under way at 7:30 in the senior high school. Conducted by the student council, the event will be climaxed with two big shows at 10 o'clock and which will last for a half hour or more, after which those attending are expected to be willing to call it a day.

One of the big 10 o'clock shows will include a group of comedies arranged especially for the younger children and will be held in the study room.

Considerable rivalry will be manifested between the various side shows, and each will attempt to out-bullyhoo the other for the patronage of the visitors. The home room which winds up affairs with the largest number of tickets sold will be presented with a banner, it was announced Monday.

# Deer Hunters Are Due For Good Luck

Lansing.—Deer hunters should have better luck in Michigan next month than during the 1943 season when a record 66,169 bucks were taken on regular deer licenses, on the basis of deer censuses made by conservation officers while on patrol.

Reports to date show that more deer have been counted in recent weeks than were seen a year ago in 34 of the 54 counties in which the animals may be legally hunted with guns. The census began July 1 and continues through October and final tabulation of officers' reports is not made until after November 1.

As is the case during any deer season, weather conditions will largely determine the size of the kill.

# DISPLAY WORK IS DESCRIBED

## Fred Johnson Addresses Luncheon Meeting Of Kiwanians

The history of display advertising was reviewed by Fred Johnson, display manager of the Delta Hardware company, in an interesting talk at the meeting of the Kiwanis club at the Sherman hotel yesterday noon.

Although the display was used as a form of advertising in primitive times, it has been recognized as a profession for only about a half century, Johnson said. Interest in store window display began in the nineties, but the early efforts were quite crude when compared with present-day developments. The tendency at first was to crowd as much merchandise as possible in a window, which only confused the shopper.

A display man must be a jack-of-all-trades—a carpenter, painter, electrician, artist, merchandiser and stagecraftsman all in one, Johnson continued. He then described how different effects are achieved in show windows. For instance, snow is made from bleached cornflakes, icicles by rolling up cellophane and dipping into sodium silicate, and windows are frosted with a mixture of stale beer and Epsom salts.

Mannequins are a composite of different types of feminine beauty, or merely creations of the sculptor's imagination, the speaker continued. These display figures, when introduced about thirty years ago or more, were made of wax, and later were constructed of plaster of Paris and papier mache. Before the war, the mannequins were laminated with rubber. The average figure is about six feet in height, for a normal height mannequin would appear squatly in a display window, Johnson explained.

Fads and styles often have been created by window displays, according to the speaker, who recalled that the fashion girls' wearing coats draped over their shoulders started when a display man dressed a mannequin in this manner in a college town store window.

# GERMANS PUT TO FLIGHT IN MAAS SECTOR

(Continued from Page One)

These enemy forces, was stopped cold with the arrival of British reinforcements for the hard-pressed Americans, and the Allies went over to the attack.

British troops who applied the pressure on the east flank captured Capelle, four miles southeast of the Geertruidenberg crossing. Here they were in a mile and a half south of the Maas.

The Poles who captured Breda, last important Dutch city in German hands south of the Maas, pressed on four miles north to just south of Terheyden, which is but seven miles southeast of the Moerdijk bridges.

Escape Route Menaced

They linked up on the east with British troops who seized the important communications center of Oosterhout five miles southwest of Geertruidenberg bridge.

Americans to the west stormed across the Breda-Roosendaal highway and shoved on nearly three miles beyond to within six miles of Moerdijk, posing the most immediate peril to the Germans' main escape route.

British on the west, after capturing Roosendaal, fought on three miles north into the outskirts of Oud Gastel, seven miles south of Willemstad ferry across Hollandsch Diep, seaward arm of the Maas.

In seven days of fighting ending Friday, the British and Canadian armies took 8,049 prisoners, it was announced officially.

Supreme headquarters, hailing the work of the Canadians in routing the Germans from their last positions south of the Scheldt from where their guns could fire on Allied shipping in the estuary en route to Antwerp, said organized resistance there "has practically ceased."

# Town Of Maizieres Taken; Booby Traps Kill Off Germans

With the U. S. Third Army in France, Oct. 30 (AP)—The 19th Infantry Division today completed occupation of the town of Maizieres, 29 miles east of Nancy. A handful of Germans remained in the town, barricaded in the basement of its courthouse tonight, but their liquidation was expected soon. Nearly 100 prisoners were taken in the closing phase of the fight and the captured men paid rueful tribute to the accuracy of American artillery.

A freak of shelling occurred when a single American shell set off a whole system of booby traps, causing several casualties among the Germans who had laid them for the Americans, the prisoners said.

# Chicago Shooting Fatal To 3 Adults; 8 Children Orphans

Chicago, Oct. 30 (AP)—Eight children ranging in age from one month to 18 years were orphaned today when three adults died after gunplay in a domestic quarrel.

The three dead adults were Mr. and Mrs. George Altman, and Mrs. Altman's former husband, Edward Lynch. Detective Howard Cliff said Arthur Lynch, Edward's eight-year-old son by Mrs. Altman, gave this version of the shooting.

His father, Lynch, came to the Altman home on the south side yesterday and began to quarrel with Mrs. Altman. When the elder Altman attempted to interfere Lynch drew a gun, shot the two and then put a bullet in his own head. All three died in a hospital.

# FRESH SOVIET THRUST AIMED AT BUDAPEST

(Continued from Page One)

Transylvania.

The Soviet 27th army, the Sixth guard tank army, and several tank and cavalry corps were said to have suffered high losses, with "uncounted dead and more than 6,600 prisoners" being taken. Berlin broadcasts set the Russian death toll at 12,000.

A conundrum is a pun in the interrogative form.

SHIELDED DRIVERS

HAVE FREEDOM OF CHOICE

One of the unrivaled advantages of the American system of free enterprise is the buyer's opportunity for unlimited choice. No where else in the world does the buyer have a better chance for value than under the American methods of competition.

American motorists enjoy broader protection at less cost than do drivers elsewhere because unrestricted competition among hundreds of companies and many types of policies are offered them for protection against financial loss. This Company is proud of its Blue Ribbon policy which is being chosen above all others by more and more motorists under the free enterprise system.

# Rapid River

Rapid River, Mich.—Mrs. William Larabee and Miss Lelaga Dausey shopped in Escanaba Thursday.

Mrs. Bernice Dyer of Duluth, Minn., visited in Rapid River Monday.

Miss Corliss L. Young and Betty Jo Boden of Marquette, visited at the Larabee home Sunday.

Mrs. Annie Monson is expected this week to visit in Rapid River with her brother, William Larabee and sisters, Mrs. M. Dausey and Mrs. L. Barboe for two weeks.

He was taken to Gladstone where the finger was dressed by a doctor.

The Royal Neighbors held a very pleasant social meeting Tuesday evening at the home of Mrs. Ned Short. The next meeting will be held Nov. 14th, the place of meeting to be announced later.

Mrs. G. Delap of New Lisbon, Wis., and her son-in-law and daughter, Mr. and Mrs. E. Hoffman of Milwaukee visited with Mrs. Delap's sister, Mrs. George Shorey last week. They returned to their respective homes Saturday.

Gust Larson of Manistique was a Sunday visitor at the Stone Anderson home.

Mr. and Mrs. Dennis Carmody of Sturgeon Bay spent Monday and Tuesday at the Oren Papineau home.

Miss Kathryn Christoff left Friday for Kalamazoo where she will enroll for the fall session which commences Nov. 1—in a secretarial course.

Mr. and Mrs. Harold Estberg and daughter of Milwaukee visited last week at the Oren Papineau home.

Mrs. Edna Young visited relatives in Perkins this week.

# Shower Party

A most delightful shower party was held Thursday night Oct. 26 at the home of Mrs. Sandy Short honoring Mrs. Will Young. Arrangements were in charge of Mrs. Short and Mrs. Allen Johnson. Out of town guests present were Mrs. Margery Schram, Mrs. Chas. Elgert, Mrs. Lional Sabourin of Gladstone and Mrs. Ray Norden of Perkins. The evening was spent in playing bridge, 500 and special games. In bridge, Mrs. Todd Ewald was high. Mrs. Bessie Winde, low; in 500 Mrs. Margery Schram was high and Mrs. Edwin Nelson, low; in the special games Mrs. Sam Minor was high and Mrs. Frank Wolf, low. Mrs. Frank Gerlach won the guest award. All decorations were in the Hallowe'en motif. A lovely lunch was served by the two hostesses and the honor guest received many lovely and useful gifts.

Mrs. Raymond Gravelle and baby arrived Tuesday from Marquette for a visit at the Frank Gravelle home.

Mrs. Amos (Bob) Fry of Fond du Lac returned to her home Thursday after visiting friends here for several days. Mrs. Fry is the former Hazel Elliott. The couple was married August 25th at the Methodist parsonage in Fond du Lac. They will reside in Fond du Lac where both are employed.

Mr. and Mrs. Joe Casimer have returned from a vacation trip to Ubley, Mich.

Chester Papineau of Hermansville visited with his father, Homer Papineau and brother Oren, last Sunday.

Mrs. Harry Johnson returned Thursday from Green Bay, Wis. where she submitted to a minor operation.

The John Oliver family have moved to Escanaba where they expect to remain for the winter.

# KILLED IN FRANCE

Ironwood—Pvt. Peter E. Perlich, 26, of Ironwood, was killed in action in France on October 8, according to word received from the war department today by his parents, Mr. and Mrs. Frank Perlich, 507 Bundy street.

Pvt. Perlich entered service July 14, 1942 and went overseas in June of this year. He was born in Ironwood June 2, 1918 and attended the Luther L. Wright high school.

Surviving beside his parents, are a brother, Frank, of Ironwood; and four sisters, Mrs. Ed Gorski, Mrs. James Wilson, Mrs. William Gaboy and Mrs. William Lake, all of Milwaukee.

# MISSING IN ACTION

Iron Mountain—Lieut. William C. Johnson, 27, son of Mr. and Mrs. Paul Johnson, Owensboro, Ky., and husband of the former Georgina Mitchell, daughter of Mr. and Mrs. Tom Mitchell, 417 West C street, has been missing in action over Germany since Oct. 7, his parents were informed by the War Department. They telephoned the news to their daughter-in-law at the Mitchell home here.

Lieut. Johnson, pilot of a B-17

# BATTERED JAP FLEET HIT AT LUZON ISLAND

(Continued from Page One)

erating along the enemy's principal line of retreat to the west coast.

MacArthur announced that Japanese casualties for the first 10 days of operations on Leyte and Samar were estimated at 24,000 against 706 Americans killed, 270 missing and 2,245 wounded.

A raging typhoon with winds up to 70 miles an hour is interfering with all operations, MacArthur said.

The Japanese, under cover of darkness, ferried reinforcements from Cebu to Ormae on the west coast of Leyte.

American ground forces operated freely without fear of a Japanese seaborne attack as a result of last week's smashing defeat of the Japanese navy in which 24 Japanese warships were sunk and 34 damaged.

Samar Pockets Doomed

Success of the Philippines invasion, observers point out, was secured by the naval victory.

On strategic Samar, important stepping stone to the main island of Luzon on which Manila is situated, small Japanese garrisons are helpless and "can be destroyed at will," MacArthur declared.

American forces already control the western side and northern end of Samar and can look across dangerous San Bernardino Strait to Luzon, a distance of 15 miles. Manila is some 250 miles northward.

Coast land in American hands on Leyte stretches 212 miles from Carigara town in the north to include Pananon island off Leyte's southern tip. Capture of Carigara by dismounted First cavalry troops eliminated the enemy's only effective point of reinforcement for the Leyte valley which for all practical purposes is in American hands. American forces control 1,800 square miles of Leyte.

The Japanese made a last ditch stand at Cavite ridge and at the Dagami road junction. American tanks, artillery and bayonets wiped them out, bottling up the valley.

Field reports indicated that most of what remained of Gen. Shiro Makino's 16th division, perpetrator of the brutal death march of Bataan, is fleeing into the hills. There, it is believed, the Nipponee will be hunted down and exterminated by vengeful guerrillas.

American PT-boats patrol Ormae bay on Leyte's west coast, attacking barges which the Japanese are using in an attempt to withdraw from that side of the island, presumably to nearby Cebu. A considerable enemy stronghold remains on the west side and a stiff fight is in prospect if the PT-boats keep the bewildered Japanese on the beach until advancing Yanks reach them.

# Briefly Told

Casualty Confirmed—Mr. and Mrs. Harold Johnston, 319 North 18th street, have received a letter from Gen. J. A. Ullo, adjutant general, confirming a recent message advising them that their son, Pvt. Warren R. Johnston, was killed in action Sept. 21 while fighting in the liberation of Holland. The family has also received a sympathy card from Gen. Marshall, chief of staff.

Elks Party Tonight — Escanaba Elks and their guests tonight will enjoy a Hallowe'en dance at the Elks club, with Chet Marrier's orchestra presiding. A buffet lunch will be served. No charge will be made for the event, and Elks membership cards will be the admission ticket for members and their guests.

Mr. and Mrs. Ralph Dube and son Peter of Harvey, Ill., have arrived to attend funeral rates for Pvt. Warren R. Johnston, who was killed in action in Holland Sept. 21. Reynold Houle has returned to Chelsea, Mich., after spending the weekend visiting at the home of his parents, Mr. and Mrs. Peter Houle, 1610 First avenue north.

# Mrs. Ida Sampson Is Taken By Death

Mrs. Ida Sampson of Star Route No. 1, Iron Mountain, died in Iron Mountain general hospital at 7:15 p. m. Monday after a short illness. Funeral services will be held at 2 p. m. Wednesday at Zion Lutheran church, Metropoliatan.

Mrs. Sampson, who visited Escanaba three weeks ago, was the mother of Mrs. Amer Pederson, 1301 First avenue north, and a sister of John Finstrom, also of Escanaba. Six children are at home, with two sons in the U. S. armed forces. Mr. and Mrs. Eric Anderson of Sault Ste. Marie, the latter a daughter of Mrs. Sampson, have arrived in Escanaba on their way to attend the funeral. Other survivors include a brother George, of Chicago, and two sisters, Mrs. Roubert Doucette, Chicago, and Mrs. E. C. Thayer, Jamestown, N. Y.

# Filipinos Misused By Japs; Girls Lead Yanks To Hideout

With the 24th Corps on Leyte, Philippines, Oct. 30 (via Army radio (AP)—Two young Filipino girls led a Seventh division patrol into their home village yesterday and with their guidance the patrol killed 17 Japanese soldiers. Maj. Gen. John R. Hodge, corps commander, reported the exploit today.

The girls had come through the Seventh division line south of Buraen. They reported that vengeful Japanese were abusing and mistreating Filipinos in the village.

"Tell us where the Japs are and we will take care of them," an officer told the girls.

The girls insisted they wanted to go with the Americans. They accompanied the patrol to the village where Japanese stragglers were wiped out.

Flying Fortress, and Miss Mitchell were wedded last March in Yuma Ariz., shortly before he was graduated from the advanced flight school in Stockton, Calif.

# DRAFT MEETING ON WEDNESDAY

## Reemployment Problem Is Scheduled For Discussion

The selective service officials of the 18th appeal area, including the counties of Delta, Menominee, Marquette, Dickinson and Iron, will meet at the city hall in Escanaba Wednesday afternoon at four o'clock to discuss the veterans rehabilitation and re-employment program.

Attending the meeting will be members of the draft boards, clerks, and members of the appeal boards in the area, representatives of the U. S. Employment Service and of the Office of Veterans Affairs.

Representatives of the state selective service headquarters will conduct the meeting and will outline the re-employment program. Guidance in meeting the problems of returning veterans will be offered at the meeting.

# Highway Drafting Force Is Enlarged

The state highway department will, starting November 1, install a 10-man drafting room force in its office at Escanaba in its program of preparing plans for postwar highway projects in the Upper Peninsula, it was announced yesterday. Two draftsmen now are employed in the Escanaba office. The draftsmen will be supervised in their work by J. Groeschel. The preparation of postwar highway project plans will become an important part of the highway department's program for road development and improvement in the Upper Peninsula after the war.

# News From Men In The Service

Pvt. Irving Houle, who has completed his basic training at Camp Wheeler, is enjoying a ten day furlough with his parents, Mr. and Mrs. Peter Houle, 1610 First Avenue north. Pvt. Houle entered the service last June. Upon completion of his leave he will report to another camp for assignment.

## PVT. LEGAULT IS WAR CASUALTY

### Escanaba Youth Reported Missing In Action In Holland

Pvt. Robert M. Legault, 20, son of Mr. and Mrs. E. J. Legault of 328 South Eighth street, is missing in action in Holland since September 30, his parents were advised by the War Department yesterday.

He enlisted in the United States Army at Milwaukee in March 1942, and was serving with the glider infantry at the time he was reported missing in action.

He has been in overseas service since April of this year.

In 1941 he graduated from St. Joseph's high school.

## Briefly Told

**Report Bikes Stolen**—It was reported to police yesterday that two bicycles, one a boy's and the other a girl's, were stolen from the Joncas residence at 11 South Fifth street. The boy's bike was red and white and carried license No. 520. The girl's bike was blue and red and had no license.

**Property Damaged**—Escanaba police yesterday received reports that boys Sunday night damaged homes and cars by throwing black tar-paint on them, and by scratching the cars with a sharp instrument. The damage was reported by residents of Lake Shore Drive, South Fifth street, and South 13th street.

**Apply For License**—Application for a marriage license has been made at the office of County Clerk Theodore Ohlen by Earl John Cota of Garden and Marian Plante of Cooks.

**Townsend Club**—The Escanaba Townsend club will meet at the city hall at 8 o'clock Wednesday night, Nov. 1.

**Choral Meeting Cancelled**—The regular Orpheus Choral club meeting, scheduled for tonight, will not be held because of the senior high school Halloween Carnival, also to be held this evening. The next meeting of the Choral club will be held Tuesday evening, Nov. 7, at 7 p. m.

Belshazzar was a Babylonian general in the sixth century B. C.

## 'Conchie' Is Held For Work Refusal At Germfask Camp

Germfask, Mich.—Dr. Don Charles DeVault, chemist formerly on the staffs of Stanford University and the University of California, was arrested Friday at the conscientious objectors camp near Seney, to which he has been confined for the past several months, and charged with refusal to work. He is held in federal custody at Marquette.

Since Sept. 27, DeVault has contended he should not waste his scientific skill in building duck ponds for the Fish & Wildlife Service, work to which conscientious objectors at the Seney camp are assigned. Each morning when the trucks take the other men out to their pick and shovel work, he has remained in camp to carry on research with penicillin in the crude laboratory he has constructed in his barracks.

Author of 10 research papers in the field of physical chemistry and holder of a Ph. D. degree, the young scientist stated before his arrest: "My case is no different from that of several thousand professionally trained men confined by Selective Service in labor camps when they are anxious to use their training in a way which benefits humanity." Conchie at Germfask say DeVault's case brings to a head the high-handed way in which Selective Service

## 400 Denied Right To Hunt In State

Nearly 400 persons whose names appear on a conservation department list are denied hunter privileges for periods ranging from one to five years.

These are individuals whose careless use of firearms has resulted in death or injury to others, who have suffered self-inflicted wounds, or who have been convicted of game law violations or infractions of gun-handling regulations.

Names of 19 persons have been added to the list since the opening of the small game season October 15. Seven of these have been responsible for injuries to others, four have wounded themselves. The list will be swelled considerably as courts move to revoke other licenses. Thirteen persons were wounded fatally, 55 others suffered non-fatal wounds during the first 10 days of the season.

A scarce South African wood recently sold for \$21.63 per cubic foot, making it the highest priced commercial wood in the world. It is called stinkwood, proving Shakespeare right when he said, "What's in a name?"

Records of Mammoth Cave, Kentucky, date back to 1799.

has wasted their skills at ditch-digging jobs. They plan to defend his case in the courts on the ground that the law requires that they be assigned to work of national importance.

## Munising News

### JAY BECKER IS TAKEN BY DEATH

#### Former Munising Man Succumbs Sunday In Detroit

Jay Becker, 43, former Munising resident, died at noon Sunday in St. Joseph's Mercy hospital in Detroit. He had been ill for the past year.

Born Sept. 28, 1901, in Munising, Becker spent all of his life here prior to moving to Detroit in 1942. In Munising he operated the Becker Ice company, and prior to that was associated with his father and brother in the Bay View Dairy.

He was an active member of the Munising fire department during his residence here.

Surviving besides the widow are one son, Russell, and a daughter, Maryann, of Detroit; six brothers, Guy, Mark and Harry of Munising; Claude and Merle of Detroit; and Donald of Marquette. Several nieces and nephews also survive.

The body will arrive in Munising Tuesday afternoon and will be taken to the Beaulieu-Madison funeral home, where funeral services will be held at 2 p. m. Thursday, November 2, with the Rev. K. O. Savareid officiating. The six brothers will form the escort at the service.

Burial will be in the Maple Grove cemetery at Munising.

### May Offer Courses In Adult Education

William G. Mather high school will cooperate with the Michigan College of Mining and Technology in making available cultural and vocational courses as part of a program in adult and continuing education, it was announced Saturday by H. A. Wood, superintendent of the Munising township schools.

Courses will be given if a sufficient number of persons indicate their interest and if satisfactory arrangements can be made for meeting and instruction facilities. Instructors will be furnished by the college, and the high school will make available sufficient room with lights and heat. The program will have no entrance requirements, no required courses. There will be freedom in choice of method and technique and in the selection of content for any course chosen. When qualified teachers are available in the community they will be engaged. Otherwise they will be selected from the regular college staff.

Funds were provided by an appropriation of \$250,000 made at the special session of the legislature in January, 1944.

Among the courses to be offered if the required number of enrollees are secured, are metal, and wood working and finishing, use and care of finishes on metal items in the home, household chemistry and physics, maintenance and repair of household and farm equipment, chemical engineering for production, semi-technical and practical courses for plant employees, soils, accounting and cost finding, essentials for farmhands, forestry and related resources, fuels and combustion, safety engineering, weather and climate, preparation of oral and written reports, local history, world geography and politics, English for foreign-born, citizenship, principle of post-war reconstruction.

Prospective enrollees are asked to consult Mr. Wood at once.

#### BRIEFS

Mr. and Mrs. Ralph Fillion of Newberry were weekend visitors here at the homes of relatives and friends.

Cpl. Thomas Somerville arrived home Sunday from Maywood, Ill. where he had been hospitalized since returning from overseas duty in the Pacific.

Pfc. William Schilling returned Friday to his base at Camp Swift, Texas after spending 14 day furlough with relatives.

Mrs. Emmet Cornish of Detroit is visiting relatives here for a few days.

Pvt. Keith Van Dorn stationed at Camp Blanding, Fla. is home on furlough visiting his parents and friends.

Vern Beattie president and Willard Hildebrand secretary of the Munising Conservation club attended the annual meeting of the

### Leading Acoustic Company Develops New Hearing Aid

Bringing soft-spoken words with in easy hearing range of people who now hear only shouts, a new hearing aid has just been announced by a company that is outstanding in the highly specialized field of medical acoustic instruments.

This newly improved hearing device is the result of recent research in hearing and electronics by the scientific staff of the Malco Company, which supplies 90% of America's precision hearing test instruments.

For the nearest to normal hearing, see Mrs. Pearl Witte, our representative who devotes her entire time to fitting Malco hearing aids, here until Thursday at 200 S. 6th St., Phone 1636.

Malco Midwest Distributors  
1125 1st Wis. National Bank Bldg  
Milwaukee, Wis.

## Airport Has Many Visitors Sunday

More than 100 automobiles were parked at the Escanaba airport during the course of Sunday afternoon while the Civil Air Patrol engaged in dropping practice supply parachutes.

The 'chutes, which are especially designed for that purpose, are made of special water resistant paper and are approximately six feet in diameter. They will carry packages 5 to 60 pounds in weight.

Four C. A. P. pilots who have private licenses to operate a plane and carry a passenger alternated in taking up the cadets, many of whom dropped their parachutes within eight feet of their objective.

In past years the Civil Air Patrol has been called upon to assist in locating drifting fishermen or to get supplies to families cut off from the world because of bad weather, and Sunday's rehearsal was designed to give C. A. P. members experience in aiding such cases by air.

Northern sportsman's association in Negaunee Sunday.

Mr. and Mrs. A. K. Jackson of Newberry attended the football game here Saturday.

John Hoffman of Ann Arbor is spending the week here on business.

Ira Hanson Jr. returned to his base in Rhode Island after spending a 7 day leave here with relatives and friends.

#### MATHER OCCUPATIONAL SERVICE

There will be a vocational advisory and placement service organized in Mather high school during this year.

Its purpose will be to advise, guide and assist students in securing employment suited to their adaptabilities and needs. It is recognized that at present there are jobs for everyone. It is expected that when the Mather occupational service is running smoothly it will be able to take care of the needs of its students and graduates in helping them to secure permanent and acceptable employment.

For the present plans are underway to contact prospective employers in this vicinity with the idea of placing students in part time jobs during the school year and also to find vacation jobs for them.

Ulster, northern Ireland, is composed of six counties.

## Rapid River

#### Birthday Party

Rapid River—Paul Schram, son of Mr. and Mrs. Albert Schram celebrated his eighth birthday anniversary Saturday afternoon, Oct. 14th. The dining room and luncheon table were prettily decorated in Halloween colors, place cards and caps were also in the same seasonal colors. A decorated birthday cake was the table centerpiece.

The children played games and Paul received many lovely gifts in remembrance of the day.

Guests present were Karl Aube, Donny Peterson, Milton Soderberg, Robert Paul Roberts, Judy and Dell Jean Lagerquist, Harriet Gravelle, and Paul's cousins, Nancy, Mary Sue and Jimmy Sabourin of Gladstone, Tommy and Mike Gregoire of Escanaba, and his grandmother, Mrs. Mary Schram of Gladstone.

#### Home Economics Meeting

The first Home Economics Leaders meeting for the commencing of the fall and inter sections was held Wednesday the 18th at the high school. The lesson, "Modern Mending" was given by Miss Helen Noyes, assistant State Club Leader. Leaders present were Mrs. Ruth Short and Mrs. K. Scott, Rapid River, leaders Mrs. M. Sloan and Mrs. Kallerson of Gladstone. Through a misunderstanding the Kipling leaders were unable to attend but they plan to attend a meeting of the Gladstone club to get the lesson there.

#### Surprise Party

Sunday being the birthday anniversary of Ed Johnson some of his relatives decided to surprise him with a party, at his home in Whitefish. Ed being a young man only 56, reacted to the party in a most admirable manner. A delightful pot luck lunch was served and a pleasant afternoon and evening spent, visiting and reminiscing. Attending the party were: Mrs. Walter Wilbee, Wesley and Kathryn Wilbee of Chicago, Mr. and Mrs. Oscar Johnson, Mrs. Hilda Johnson, Mr. and Mrs. Waldron Johnson and sons James and Waldron Jr., Mr. and Mrs. Rudolph Christiansen of Rapid River, Mr. and Mrs. John Lind, Dean and Mary Lind, Mr. and Mrs. Ole Wickstrom, Curtis Christiansen, Mrs. Eva Holmgren, Kathleen, Alice and Vera Holmgren, Mr. and Mrs. Herbert Olson of Whitefish.

Mrs. Andrew Barbeau of Jackson arrived Thursday for a visit with her sister, Mrs. Rose Mer-

cure who is ill. Mrs. Mercure's condition is improving.

A son was born Oct. 17 to Mr. and Mrs. Countney Christiansen at Saginaw. They are former residents of Rapid River.

#### Election Board Appointed

The Masonville Township board appointed the following persons to act on the election board for Nov. 7: Precinct No. 1 J. A. Shipley, William Belland, Ray Laburnard, Rev. Gerald Smith, Mrs. Edna Young, Mrs. Hilda Johnson; Precinct No. 2 Jake Ritter is chairman and he will select the other members of the board from that precinct.

#### Honor Roll

Rapid River—Honor roll of Rapid River school for the first six weeks period:

Seniors: Marion Pfeiffer BBBBB, Jeanne McClintchey AAAA, Sophomores:

Harry Johnson BBAAB, Carol Larson AABA, Frances Thorsen AAAA, Leola Lancoor AAAA, Freshmen:

## Revenge

AS DETAILS of the great naval battle of the Philippine seas are revealed, the enormity of Jap losses of naval power, and personnel, in what may be termed by history as the greatest naval engagement of history, appear to have been more staggering than indicated by the first fragmentary reports.

After a more careful checking of results it is announced that a total of 38 Jap ships were either sunk or damaged, constituting the greatest loss ever sustained by any naval power in a single engagement. If these figures are further borne out by later developments, the crushing victory scored against Japan by the forces of the United States, may well be accepted as the decisive turning point in the campaign to wipe out Japan as a nation.

While the losses of U. S. vessels in that great conflict is placed at a maximum of six, the number of American boys who gave their lives, to bring a full measure of revenge for the tragedy of Pearl Harbor, has not yet been revealed. But whatever the final recapitulation of our personnel losses may prove to be, they will be very small, as compared to the toll assessed against the Japs. Those young Americans died gloriously and their names should be written in imperishable letters, that coming generations may pay full honor to those who gave their lives, that retribution might be assessed against a foe guilty of the most barbarous acts in all the history of nations.

By the sacrifice of these lies, the back of Jap naval power has been definitely broken. Other heroes will take their places to press the battle, until sweet and complete revenge is wreaked in the memory of those other heroes who gave their lives at Pearl Harbor, at Bataan, at Corregidor.

## Destructive Pranks

ABOUT a quarter century ago the celebration of Halloween was accompanied by an unnecessary amount of property destruction. Celebrators went to such limits with their destructive pranks that it ceased to be a joke.

Then, someone conceived the idea of holding a carnival at the Escanaba high school on Halloween to raise money for much-needed facilities for athletics and other departments. The event performed a two-fold purpose, for fortunately it also demonstrated to youth that it is possible to enjoy Halloween sensibly.

Other American communities would do well to copy Escanaba's carnival idea. For instance, Milwaukee seems to be having some pre-Halloween trouble, judging from an editorial in the Milwaukee Journal.

"Lumber is a vital war material," the Journal pointed out editorially. "To now smash or break down a fence may mean to put further demands upon a lumber supply that is needed for crating guns, ammunition or other materials for the troops. Or, to now destroy or purloin a garbage can as a Halloween prank is to deprive the community of a sanitary facility that today cannot be easily replaced. We hope and believe that youngsters will understand this. They can be aided to understand it by their parents, whose job, it seems to us, is to back up the police. There ought to be no damage to or destruction of property on Halloween."

## Sugar Beets Off

CARLOADS of sugar beets are arriving at Menominee from Upper Michigan and northern Wisconsin with the annual resumption of operations at the plant of the Superior Refining company.

As usual, the Menominee factory's run will continue for about ninety days. Whether the sugar beet run will be followed by the dehydration of potatoes for livestock feed as was done last spring is unlikely for indications are that there will not be any sizable surplus of tubers this year.

Menominee is more fortunate than other sugar beet communities, however, for it is likely that one-third of the nation's 85 processing plants will not open this season because of a short crop.

The 1944 crop is estimated at 7,239,000 tons, which will produce about 1,050,000 tons of sugar, as compared with a 6,522,000-ton crop and 933,000 tons of sugar in 1943. Both years are far under normal, however, for acreage planted to beets usually ranged from 900,000 to 1,000,000 acres as compared with 548,000 and 597,000 in 1943 and 1944.

The reduction in acreage has adversely affected the sugar processing companies. For instance, profits of the six largest dropped to \$7,575,000 after taxes in 1943, compared with \$10,647,000 in 1942. What happened is that farmers diverted their acreage from sugar beets to potatoes and

other crops. The WFA has again promised farmers they will receive the average \$12.50 per ton price paid for beets this fall, and processors are hoping they will plant more sugar beets next year.

## New Rail Development

WITHIN the next few days, hydraulic shock absorbers will be installed on two lightweight freight cars built by the Reynolds Metals company and Alcoa for the New York Central and Milwaukee Road, the first installation of this kind in history.

The shock absorbers were developed and manufactured by the Monroe Auto Equipment company of Monroe, which for 18 years has been a leader in automotive field, specializing in hydraulics. In the last decade, the Monroe manufacturer entered the railroad field, and installed most of the two million standard freight cars as well as the aluminum box cars to be built on a more extensive scale in the future.

The shock absorbers are intended to do for the inanimate payloads what they do for human passengers. They will make for smoother riding and less damage to the freight and equipment. The new development is additional evidence that the railroads are taking advantage of every opportunity to improve their service so that they can successfully compete with other forms of transportation in the post-war era.

## Other Editorial Comments

### THE HARBORS WENT ALONG

(Christian Science Monitor)

Hitler once boasted that he knew exactly what could be and what could not be done with armaments, and so he could not be bluffing. One thing he didn't know was that the Allies could land arms and armies in France even without sufficient ports, and so he could be caught napping.

President Roosevelt's explanations to press correspondents at the White House of the functions of the portable harbors used off the coast of France should help to fill in some of the gaps in Hitler's intuition. These harbors were constructed partly in Britain and partly at the points where they were used. Floating causeways and great concrete piers were towed into position off Normandy, but breakwaters had been built by sinking 300,000 tons of old shipping, laden with stone, to which concrete caissons were added. The role assigned to these harbors may be appreciated by the fact that they were designed to handle more shipping than the port of Cherbourg.

To the stirring sights recorded in the literature of the sea the procession of scores of battered war and cargo ships moving over the dark waters toward Normandy will add an awesome page. Let us hope there was a young Conrad somewhere in that brave company to pay a worthy tribute to the heroic and able men who, under enemy fire, built these bridges over the moat to Fortress Europe.

### CHESTNUT REVIVAL

(Christian Science Monitor)

The present generation of American youngsters, both at home and in the armed forces, may never have had the fun of going chestnutting as their fathers did, but it seems likely that their children—certainly their grandchildren—will be able to enjoy it. Arborealists have crossed certain Chinese chestnuts with sturdy types adaptable to colder latitudes which are said to be immune to the blight which destroyed the trees in the United States 20 years ago.

A contemporary says these trees will be comparatively small and lacking the size of "the spreading chestnut tree that sheltered the village smithy in Longfellow's poem." The very tree of which Longfellow wrote—or perhaps its scion—still stands in Brattle Street, Cambridge, and, indeed, that historic thoroughfare is fairly lined with others of the same type. But these are horse chestnuts, which afford a pleasing sight in springtime when in bloom and grateful shade in summer, but are good for little else. As to the promised hybrids, the lumbermen who cut chestnut trunks for telephone poles will be sorry that they cannot attain the height of their predecessors, but it will be easier for boys to shake the prickly burrs out of the branches after the first frost of October.

## Take My Word For it

Frank Colby

### WORDS TO WATCH

A reader in Kingston, Ontario, writes that a newscaster on an eastern United States station "simply infuriates me with his pronunciation 'moe-MEN-choo-uss' for the word 'momentous'." He adds, "Please, for the sake of good relations between our countries, try to set him right."

The newscaster (identity unknown) is not alone in making this kind of error, for many otherwise careful speakers say "RY-choo-uss" for righteous, "ee-SEN-choo-uss" for righteous, "ee-SEN-choo-ull" for essential, "SKEDGE-yoo-ull" for schedule, "miss-CHEE-vee-uss" for mischievous, and "GREE-vee-uss" for grievous.

Such errors, I believe, are caused by "seeing" the words with spellings which they do not have, as "mo-men-tu-ous, right-u-ous, sched-u-al," etc.

At any rate, we should examine our pronunciations carefully for such excessive syllables, and weed them out. The

# World Events Analyzed

BY LESLIE BAIN

A veritable avalanche of books, articles and public expiring has descended on Allied countries dealing with the apparently inexhaustible subject: What to do with the Germans? Are they good or bad, to be trusted or not, left alone or be policed?—ad infinitum. If the devilish brain of Dr. Goebbels had devised a plan on how to confuse us, he could not have done better. The more divergent the opinions among Germany's enemies, the more complicated the task of evolving a unified plan, which is bound to benefit German schemes.

An enquiring reporter, stationed on a corner in London, Washington, Moscow or Timbuctoo, in a few moments could collect a bewildering assortment of answers on this major headache of the Allies. It would be unfortunate, to say the least, if the prevailing mumbo-jumbo were to prevent the United Nations from putting into effect a sound, coordinated plan to bar future German aggression. It is well to remember that Germany won the first World War, after losing it on the battlefields, precisely because of hopelessly divided public opinion in Allied countries. As soon as the division extended to high governmental circles, Germany took full advantage of the confusion and turned defeat into victory.

### TWO BASIC ISSUES

Between the two extremes—exterminating the Germans and sympathizing with them because of what Hitler got them into—there is a sane, realistic approach to the problem. There are now two basic issues which need to be considered.

First, Germany has destroyed the wealth and resources of her neighbors, wantonly killed some thirty million men, women and children, undermined the health and vitality of countless millions of others, for all of which she must be made to pay. Her entire resources and energies must be concentrated for several years to repair the devastation she wrought. Certainly, there can not be any disagreement on this point.

Second, Germany must be helped to reach political maturity. This doesn't mean arbitrary re-education of the population or the prescribing of democracy from above, least of all an attempt to relegate Germans to the status of a subject race. If a democratic Germany is to be created, it must be built by the Germans themselves; otherwise, the first storm will destroy it.

### EMOTIONALLY UNSTABLE

The Germans are emotionally unstable, immature people. They cry over a sentimental song or story, while calmly herding thousands of innocent victims through the gates of their fantastic death factories. Only a race suffering from profound psychological disturbances can produce extremes like Beethoven, Goethe and Roentgen, Hitler, Himmler and Goebbels. Emotional to the point of tears and at the same time cruel, calculating and ruthless—that's the average German.

But peoples who have attained maturity earlier in their history must understand that sooner or later the Germans also will reach their level of civilization. The best service they can render them is to force them through a harsh conditioning process. There is no better school than the school of hard knocks. After all, it was their own Goethe who said, "He who never ate his bread with tears never understood life."

In the last analysis success or failure of any Allied plan for Germany will depend on the degree of unanimity reached among the United Nations. Moreover, if the measures are to be effective, Germany must clearly understand—not only today but in the years to come—that this time she cannot escape her just deserts by playing one of her enemies against the other. All this adds up to an urgent necessity for creating strong public opinion behind a single plan, lest we talk ourselves out of any plan.

The hard blow down Florida way has nothing to do with this being the year of big winds.

Postwar labor saving devices for the home should interest all husbands except those who think they married one.

Turkey has won an immortal place in the war—champion shadow-boxer.

If we have an international police force to keep the peace, that will at least solve the unemployment problem for the Irish.

correct pronunciations are:  
moe-MEN-tuss  
RY-chuss  
eh-SEN-ch't  
KIDEDGE-yool  
MISS-chi-vuss  
GREE-vuss

The simple word ASKED needs watching, too. The common pronunciation "ast" is customary in colloquial speech. But in public speaking, and especially in singing, the "k" should be plainly sounded, thus: askt.

SCBUYAN, sea of central Philippines. The main accent falls on the last syllable. Say: see-boo-YAHN.

VISAYAN, sea northwest of Leyte. Accent the second syllable. Say: vee-SAH-yahn.

SAN JUANICO, narrow strait between Leyte and island of Samarj (SAH-mahr). Caution. The "J" has the sound of "H." Say: sahn hwah-NEE-koe.

DULAG, town on Leyte south of Tacloban. Say: DOO-lang.

PALAO, small town on Leyte. Say: PAH-loe.

PANAY, island west of Leyte in central Philippines. Caution. This name has three syllables. Say: pah-NAI-ee.

MASBATE, small island northwest of Leyte. Accent the second syllable. Say: mahss-BAH-tay.

# "Disappointing, Isn't It? It's Just Dirt!"

## Good Morning!

By The Bugler

MENTAL WIZARD—Remember back to the days when the traveling hypnotist left his subject—or victim, as the case may be—in a state of suspended animation in an Escanaba store window for half-day or more? Or how, over the telephone, an Escanaba man was hypnotized by "the voice" from Marquette and held in a hypnotic state until the arrival here of the operator of remote thought control?

powers, an evil eye—and the most fascinating entertainer to hit our town.

Today the hypnotist has become the "mental wizard" who does things with his mind and your mind that bring gasps of astonishment. At the same time, however, he has come down off his pedestal. No longer does he require such trappings as a pseudo-Swami's headgear, rings in his ears, a coat of dark makeup, or trick mirrors. The modern telepathist and hypnotist wears a business suit, keeps his hair trimmed and looks for all the world like an ordinary business man. But from the standpoint of entertainment, he has the old-time hypnotist backed off the boards. For he has perfected telepathy and hypnotism far beyond the point his predecessors ever dreamed.

INTRODUCING POLGAR—Dr. Franz J. Polgar, who will come to Escanaba Town Hall Tuesday night, could easily be mistaken on the street for the man who runs the shoe store—or any other small town business. He is medium height, has a balding head and a jolly face. He likes people and has a keen sense of humor.

He has lectured in this country since 1933 when he came here from Hungary, where he was a student of psychoanalysis, hypnosis and other psychic phenomena. He has lectured yearly at about six American colleges and universities and to more than 200 education groups and forums.

Last year Polgar received nationwide publicity when the story of the mental wizard was told in the Saturday Evening Post by Pence James. He was successful then. He is more successful now.

HIS BACKGROUND—Polgar is the son of a small-town school principal of Enying, Hungary. When the first World War broke out he was 14. At the age of 17 he was a second lieutenant in the Hungarian army and was sent to the Italian front.

A well-aimed Italian shell buried him in a trench for three days. He lost his memory. At a base hospital in Hungary he discovered, for the first time, that he could read the thoughts of other persons. When he anticipated the actions of a nurse she became frightened.

Soon he became famous. Medical journals in Austria and Hungary wrote up his case.

Polgar himself has never attempted to explain how he could have acquired such powers, except to say that it must be an illustration of the law of compensation. Being unable to talk and hear, and with his memory gone, he says that he assumes that a new sense was given him to compensate for his misfortune—just as a blind person's intuitive faculties compensate him for the loss of his sight.

HE FORGETS—There is nothing of the supernatural about Polgar's powers. He has to work at being a hypnotist and telepathist just as other men have to apply themselves to their jobs. He ends a show in a lather of perspiration.

## INTO THE PAST

10 Years Ago—1934

Gladstone—The six constitutional amendments which will be placed before the voters of Michigan next Tuesday formed the basis of a talk given by Harold P. Lindsay before the Gladstone Rotary Club Monday. A summary of the various proposals was given by the speaker.

Newberry—A check for \$40,000 was received on Monday night by James Minard, Luce county treasurer, in payment from the Cleveland Cliffs company for the 1933 county and township taxes. Mr. Minard reports that with this exception only a few small amounts had been paid to date.

Munising—Several cases of scarlet fever have been reported with in Munising in recent weeks. The cases of the disease at present are reported being in mild form.

Thomas W. Gander, manager of the Escanaba branch of Carpenter Cook company, was elected president of the chamber of commerce at the meeting of the board of directors yesterday. He succeeds A. J. Young.

20 Years Ago—1924

"The Blue Bandits" a comic opera staged by its composer, Jack McDonough, under the auspices of the American Legion, with a local cast of more than 100, will be sung for the first time to night at the Delft theatre.

Manistique—Major John F. Roehl, state commander of the American Legion, and Lyle D. Tabor, secretary of the National Child Welfare committee, were guests of the Manistique Legion post Monday.

25 Years Ago—1919

Marquette—The seeding of burned over areas, both as partial compensation for the heavy fire losses throughout the peninsula this season and as a further inducement to westerners seeking grazing land, will be carried out next spring by many land companies.

Harlan Yelland was named president of the Community Civic league of the high school; Charles Fullo was named vice president; Helen Dotsch, secretary and Beryl Carr, treasurer.

And he has the unhappy faculty of forgetting the ordinary little things that other folks forget. He forgets Mrs. Polgar's birthday, their wedding anniversary date, his hotel room number—in fact he's a very human sort of person who gets a kick out of life and his association with thousands of people he numbers as his friends.

IMMORAL SO FAR—From time immemorial the hypnotist has been a subject for drama and humor. Svenigali's power over Trilby in the once-popular play has its counterpart today in the current adventures of Smitty's boss in the comic strip of that name—who is hypnotized by a character named Swami into becoming a crusty old miser.

Fact is that the hypnotist can lead his subject only so far and no farther. Polgar knows this, as well as others versed in hypnotism.

For instance, a wealthy Eastern manufacturer while hypnotized was asked to sign a \$50,000 IOU. He refused at first and then on insistence finally scribbled an illegible name that could not be deciphered as his own.

Polgar says, too, that a hypnotist cannot force his subject to perform acts that his conscience mind would rebel against. For example, he says, a person under hypnosis will not jump out a window. Neither will he commit a crime.

GOOD SHOWMAN—Polgar is a good showman, otherwise he would not have played in so many large cities, pleased so many critical audiences. He has refused to play in circus sideshows, night clubs or vaudeville. His show is dignified, entertaining—and mystifying.

—Clint Dunathan

# The Washington Merry-Go-Round

BY DREW PEARSON

(Lt. Col. Robert S. Allen now on active service with the Army)

Washington—One thing Capital observers will especially watch, should Governor Dewey enter the White House, is whether he will prosecute certain political cases now before the Justice Department.

Dewey has been hammering home the promise that he would clean up Wash-

Pearson

ton and it so happens that some new political cases have just come up. They involve alleged violations of the Corrupt Practices Act, which requires that all political parties file a list of their contributions at regular intervals, and that no contributions be received from corporations.

Just a few days ago, the Senate Campaign Investigating Committee unearthed the fact that Roosevelt-hating American Democratic National Committee, whose high-sounding name is not to be confused with the regular Democratic National Committee, had received contributions from three corporations—Advance Aluminum Casting Company, of Chicago; R. B. Walker Co., of Mobile, Ala., and the Potash Company of America, Carlsbad, N. Mex.

### —NO REPORTS ON CONTRIBUTORS—

It was also revealed that the American Democratic Committee had kept secret the names of some contributors and had filed no report on contributors for the public to scrutinize. Among others, a \$1,432 contribution from General Robert E. Wood, head of Sears, Roebuck and organizer of the America First Committee, was kept secret.

What the Justice Department does about this remains to be seen. Meanwhile, however, it has not acted in certain other political cases, one being that of Congressman Eugene Cox of Georgia, Democrat, who was shown to have received \$2,500 in compensation for getting a new wave length for a radio station in Albany, Ga.

This column is now in possession of certain hitherto unpublished official documents in the Congressman Cox Case.

One document, a report signed by Wendell Berge, then Assistant Attorney General in charge of the Criminal Division, categorically recommended that criminal action be taken against Congressman Cox for violating Section 203, Title 18 of the U. S. Code, which provides that a Congressman cannot receive payment for representing anyone before a government agency.

### —STOCK CERTIFICATES FOR COMPENSATION—

Assistant Attorney General Berge recommended to his superiors as follows: "The case is quite complete now; we are prepared for, and I recommend, immediate presentation to the Grand Jury in Washington."

Berge reported: "Receipt by registered mail of compensation in Washington in the shape of a certificate for 25 shares of stock in the Herald Broadcasting Company of the par value of \$100 per share is likewise established."

"Venue, in my opinion, consequently lies in Washington, although there is a 'wash' transaction involving the exchange of \$2,500 checks between Cox and the radio station in Georgia, which the defense may argue demonstrates payment was made in Georgia."

Berge also transmitted to his superiors a long report prepared by an assistant, Raoul Berger, giving the detailed evidence against Congressman Cox. Among other things, it stated:

### —PROSECUTION NEVER MADE—

"The documentary evidence leaves no doubt that Cox' clients regarded him as their legal representative, that they believed Cox 'compelled' the Federal Communications Commission to grant the license—as, in fact, he did—and that he was paid for his services."

However, Congressman Cox, an intimate poker-playing friend of Speaker Sam Rayburn, was never prosecuted. Should Governor Dewey be elected, the statute of limitations will not have run on this case. It would be interesting to see what Dewey would do.

Tomorrow, this column will report on how Dewey has handled certain cases in New York.

NOTE—While not prosecuting Cox, the Justice Department did indict Congressman James Curley, Democrat, former Governor of Massachusetts, who helped manage Roosevelt's campaign for nomination at Chicago in 1932.

### —VIRGINIAN WOMAN BIDS FOR CONGRESS—

Elizabeth Chilton Murray, first woman candidate for Congress in Virginia, is unique in that among the Virginia horsey set she doesn't ride a horse. She has three sons in the service, one of them named Phillip Murray, and friends of her opponent, reactionary Congressman Howard Smith, plan to use this against her. No relation to CIO leader Murray, she is the daughter of the late Senator Chilton of West Virginia, Woodrow Wilson's Senate leader.

Mrs. Murray's boosters have devised the campaign slogan, "Vote for a three-star mother against a triple-plated heel."

The Pacific sea battle wasn't even nip and tuck—just Nippon tucked away.

Indian summer brings the days when you feel like going home just before you settle down to work.

There are two main uses for a political platform: One party stands on it and the other jumps on it.

One good reason for liking winter better than summer is because the flies don't.

## 4 AMENDMENTS UP FOR VOTE

### Home Rule For Wayne Regarded As Most Controversial

BY G. MILTON KELLY  
Lansing, (AP)—A proposed constitutional amendment which would raise the salaries of State Legislators, to be submitted to the voters in the Nov. 7 election, has had a spectacular buildup in grand jury charges of corruption in the Legislature.

The proposed amendment would raise lawmakers' pay from \$3 a day the year around to \$5 a day. It is one of four proposed amendments on which the voters will pass judgment.

Sponsors of the amendment

contend a legislator can not pay his expenses in the capitol from a \$3-a-day wage, and must either make up the difference out of his own pocket or accept graft or "favors" from lobbyists to pay his bills.

When the subject was debated in the legislature, some members asserted acidly that it has yet to be proved that the average legislator is worth as much as \$3 a day.

"Home Rule" Proposal  
Most controversial of the proposed amendments is one seeking to allow Wayne county to establish a new form of county government. Wayne's demands for the right to reorganize were blocked in the election two years ago, in a fight with the same out-state groups of county officials which are fighting the so-called "home rule" amendment now.

Rural supervisors and others have taken a position that the precedent of reorganization in Wayne might endanger the set-up in their own counties, in which they have strong partisan political organizations.

State Treasurer D. Hale Brake, leader of the Michigan Institute of local government which is opposed to the "home rule" amendment, in on record, however, with a promise that he will seek to have the group get together with Wayne county leaders and draft a new "home rule" plan if the amendment is defeated again this year.

Challenges of the right of legislators to run for state administrative office—an issue never fully decided by the courts—have resulted in a third proposed amendment on which the voters will pass judgment. This would

declare specifically that a legislator may run for higher office during his legislative term.

The question was raised when the supreme court unseated the then Senator Earl L. Burhans from the Board of Regents of the University of Michigan, holding that the office was incompatible with his membership in the legislature.

#### Water Restrictions

The question of whether Brake, and Secretary of State Herman H. Dignam had legally been elected to their state administrative offices was not at stake in the case, and although threats were made to carry it to court, no suit was filed. Both were members of the Senate when nominated and elected to their present offices.

Another proposed constitutional amendment would authorize cities to supply suburban areas with a greater share of their water supplies, a fire prevention and sanitation step related to mushroom growth of war industry communities adjoining established cities.

The four issues will be identified on the ballots under the following numbers:

- No. 1—Changing water restrictions.
- No. 2—Legislators' eligibility for state office.
- No. 3—Legislators' compensation.
- No. 4—Wayne county charter (home rule).

At the end of 1939 the financial state of Europe in the United States amounted to approximately \$6,698,000,000.

## Home Knitting Industry Has Great Possibilities

By CONNIE JEAN MURPHY

Ironwood, Mich.—Creation of a profitable home industry with great post-war possibilities, begun as a hobby and now employing 75 women, a large number of them mothers and wives of servicemen, is credited to Mrs. Everett Kearney, 120 West Gogebic street, busy housewife and mother of two school-age children. Knitted articles, including elaborate ski sweaters with colorful designs, which are both unique and original, hoods, mittens and ski socks are produced throughout the year in the homes of Mrs. Kearney and her workers, who devote only their spare time to this ever-growing business.

"I realized that there should be a market and recognition for all the beautiful work being done around here," Mrs. Kearney said when asked why she started her business, which is now seven years old and which produces about 2,000 sweaters alone each year, which are so in demand by skiers and college students. Wholesale work for well-known firms in New York and Chicago is done entirely as individual orders can't be filled. Mrs. Kearney has her own label for her work—"Marke"—a contraction of her first and last names, Margaret Kearney.

Busy All Year  
Mrs. Kearney is anxious to have other women, who are not necessarily expert knitters but only able to follow directions, join her in this work, which is especially rushed this time of the year with large Christmas orders. "We are busy all year through," Mrs. Kearney stated, "and could be twice as busy if more people were interested in this work." A New York firm recently placed a request for from 500 to 1,000 sweaters per month. Three years ago she conducted classes for young girls, teaching them how to knit, but had to give up this project as her work increased so greatly.

The sweaters, with the typical Norwegian colors of navy, white and red predominating are made in two parts—the easier part is knitted by the less expert knitters and then the remainder is completed by the experienced workers.

The designs, of which 50 are used each year, are for the most part original creations of Mrs. Kearney, Mrs. Sven Ekstrom and Mrs. Tim Nolan, none of whom has ever taken a course in designing. One of the most spectacular sweaters produced is that of the original composition of a pianist with the Chicago symphony orchestra knitted into a sweater for him. Another is a design of geese flying south. Tropical fish, shells, corals and a seahorse were featured in a marine design. One of her sweaters with a moose design was worn by John Payne, movie actor, in "Sun Valley Serenade" several years ago.

#### Many Novel Designs

Ideas for the designs have been obtained from the North woods. Mrs. Kearney reports, with the use of animals and trees, while others are designs that people have brought to America from the old country.

Shipping day, a weekly event, keeps three women busy at the Kearney home, where Mrs. Kearney has her own knit shop, from dawn until dark pressing sweaters, sewing labels, putting on tags and packing. She buys approximately six tons of yarn a year and handles the business end of the industry, which is on a contract basis, herself. Her workers get the yarn and directions from her, do the knitting in their homes and return the completed work to her to be shipped to the wholesale markets. One of her workers, a resident of Ontonagon, who was a master weaver in Helsinki years ago, does beautiful luncheon sets. Her other workers are from this locality and from Ladysmith, Wis.

The knitting technique used by Mrs. Kearney was taught to her

by a woman, who learned it in a convent in Italy when she was six years old. The only other place where this technique is used, Mrs. Kearney stated, is in the mountain locality of the Peruvian Indians. The height of her ambition is to spend a summer in the hazy lands of Europe, exploring the distant parts of Norway, Sweden and Denmark, particularly for original handwork. Her hobby is collecting old knitting books from foreign countries.

#### News Has Spread

News of Mrs. Kearney's work has spread and she has received numerous letters from people in England, Scotland, Norway and Sweden who are interested in it. A bachelor from Melbourne, Australia, is one of her pet correspondents. She also corresponds with designers from New York and the head of the School of Design at the University of Wisconsin has professed an interest in her work and has offered suggestions. One of the oldest mercantile firms in the United States has put in her line of sweaters for the first time. A nationally-known firm is featuring one of her designs on the cover of their Christmas catalog this year.

Mrs. Kearney emphasized the fact that this work could be a marvelous industry for this part of the country. Sports shops all over the country are begging for sweaters, she stated, and orders are or will be after the war, enough to keep 300 women busy. There are also markets for people who do crocheted work, such as bedspreads and luncheon sets, or hooked rugs, she said.

## Nahma

#### Church Services

St. Andrew Catholic Church—Mass at 8 o'clock Wednesday, Feast of All Saints. Confessions to be heard Tuesday evening.

Masses at 7, 7:30 and 9 o'clock Thursday, All Souls Day.

Holy Hour Thursday evening at 7 o'clock. Confessions to be heard after the holy hour.

Mass Friday morning at 8 o'clock.

Mass Saturday morning at 8 o'clock. Catechism classes the usual time.

#### CYO Meeting

The regular meeting of the Catholic Youth Organization will be held on Wednesday evening at the school.

#### Hallowe'en Party

The annual Hallowe'en party will be held this evening at the F. W. Good school for the high school students.

A scavenger hunt will start the evening and a large bonfire will be made back of the school. Students will then return to their homes to dress in costume. Prizes will be awarded for the most original, the prettiest and the most humorous costumes.

A program of games, dancing and other attractions will be featured. Lunch will be served at the close of the evening.

The high school auditorium and dining hall will be attractively decorated in keeping with the season.

## Untie Your Constipation

and also give your stomach this comfort

That "out of sorts" feeling, bad breath, headache, nervousness, loss of sleep, lack of appetite, indigestion, gas and upset stomach—these are all often caused by functional constipation. In that case, be wise and get Dr. Peter's Kuriko, the time-proved stomachic medicine. Contains 18 selected medicinal roots, herbs and botanicals. Caution: use only as directed on label. Gently and smoothly Kuriko puts those sluggish bowels to work and helps eliminate clogging waste, expels constipation's gas and bloating. Be happy. Help comfort your stomach while relieving constipation. Get KURIKO today from any Pharmacy agency—such as:

The Peoples Drug; Seandis Coop. Assn.

## News From Men In The Service

Mr. and Mrs. Nels Swanson, 1129 Stephenson avenue, have received their first letter from their son, Lt. Ewald Swanson, who is a prisoner of war in Germany. Lt. Swanson was captured on July 14, and official announcement came from the war department regarding his status on Sept. 17.

Swanson's letter, which is dated July 28, reads in part as follows: "Hope you have learned before this letter reaches you that I am a prisoner of war in Germany. Please don't worry about me, as I am well and in as good health as I was when last home."

Listing the need for personal items he can use, Swanson closes his letter by asking his parents to send him packages as frequently as they are allowed to do so.

Another son, Clarence, 18, recently has enlisted in the navy, and has just completed his first week at the Great Lakes Naval training station.

Headquarters, 13th AAF, Southwest Pacific — S/Sgt. Harvey S. Fournier, son of Mr. and Mrs. Joseph Fournier, Perkins, Michigan, was one of the left waist gunners in the formation of 13th AAF "Long Rangers" who struck at the vital aviation gas production center at Balikpapan in eastern Borneo.

In the first daylight strike against that target, "Long Rangers" Liberators carried on their history of making the longest range flights against new Jap targets. This crack outfit struck at Pandansari Refinery, containing the greater portion of the Japanese aviation fuel production facilities in that area, and at the paraffin refining base nearby. The formations started a huge fire with smoke rising to 6,000 feet in addition to numerous smaller fires, and planted two direct hits on a 1,000-ton cargo ship at a pier nearby.

Headquarters, Third Bombardment Division, England — An Oak Leaf Cluster to the Air Medal for "meritorious achievement . . . courage, coolness and skill" has been awarded to Lt. Hubert S. McMonagle, 23, of Escanaba, a former navigator on an Eighth Air Force B-17 Flying Fortress, by Major General E. E. Partridge, of San Antonio, Tex., commanding general of the Third Bombardment Division.

Lt. McMonagle, now assigned to division headquarters to work out navigational details of future operations, participated in many bombing attacks against vital Nazi military and industrial targets. To his present job of planning missions, Lt. McMonagle brings the knowledge he gained in combat in the skies over Hitler's crumbling "Fortress of Europe."

He is associated with the famed Third Bombardment Division, cited by the president for its role in historic England-to-Africa shuttle bombing of the Messerschmitt plants at Regensburg, Germany.

The Michigan flier holds the Distinguished Flying Cross and the Air Medal with three Oak Leaf Clusters in addition to his latest award.

The son of Mr. and Mrs. Harry McMonagle, of 1517 South 10th Avenue, the navigator was a police officer in Escanaba before entering the AAF in January, 1943. His wife, Mrs. Louise McMonagle, lives at 229 North 18th Street. He attended AAF Navigation School at Coral Gables, Florida.

Headquarters, 13th AAF, Southwest Pacific — S/Sgt. Marvin Anderson, 1331 North 19th Street, Escanaba, Michigan is credited with the probable destruction of a Jap Zero during the recent 13th AAF long range strike against the Balikpapan gas and oil refineries in Borneo.

A ball gunner on one of the 13th AAF Bomber Baron Liberators which led the history making 2500 mile round trip flight to bomb this vital source of Japanese aviation gasoline, Anderson scored his probable shortly after his formation was jumped by 30 to 40 Zeros.

"He came in low between 10 and 11 o'clock, I caught him in my sights and fired about 50 or 60 rounds into him. He went down 5,000 feet, appeared to straighten out, then lost control, broke off and hit the water. None of the boys could confirm it because they were too busy with the other fighters."

Sergeant Anderson is a veteran of 35 combat missions and has participated in strikes against Truk, Yap, Palau, and Woleai. He is the son of Mr. and Mrs. Ole Anderson, Escanaba.

Mrs. August Hartwig, sister of Clarence Plansky, who was killed in action in France on Aug. 7, is in receipt of a personal letter of condolence from Plansky's commanding officer, Lt. Col. Carl L. Peterson. The letter, dated Sept. 10, extends the commanding officer's sympathy to the bereaved family, and states that Plansky died honorably in the service of his country.

#### CHURCH BELL BLESSED

Sault Ste. Marie—Sunday afternoon, October 22, 1944, at the St. Florence church on Drummond Island, the Rt. Rev. Magr. John Holland, D. P., delegated by His Excellency, the Most Reverend Francis Joseph Wagner, D. D., Bishop of the Diocese of Marquette, blessed the bell for the Catholic church in that community.

The bell had been set on a tripod placed in front of the sanctuary. The tripod itself, the work of Ivan Gable, was adorned with cedar boughs and flowers.

## Red Cross Wants Men for Overseas Work at Good Pay

L. J. Jacobs, chairman of the Delta county chapter of the American Red Cross, reported yesterday that he had been asked by the St. Louis headquarters to locate two men to serve overseas as assistant field directors. The position pays \$225 per month plus a maintenance allowance.

Following is an outline of the qualifications for the position:

An assistant field director must be a friendly, tactful person of mature judgment, with a genuine interest in people and a sincere desire to be of service. Experience has shown that men with college training and work experience in such fields as business administration, teaching, law, insurance, counseling, sales and social welfare readily adjust themselves to the work.

Only American citizens from 30 years through the middle 40's may be considered for these positions. The arduous nature of the work demands excellent physical health and therefore all candidates must pass the stringent physical examination authorized by the American Red Cross.

Persons desiring more information are asked to contact Chairman Jacobs.

## Obituary

#### EILEEN BRUNETTE

Funeral services for Eileen Brunette, two year old daughter of Mr. and Mrs. Henry Brunette, Flat Rock, were held at 2 o'clock Sunday afternoon from the Holy Family church, the Rev. Fr. Matthias Laviolette officiating. Burial was in the Flat Rock cemetery.

# A SERIOUS MESSAGE To Every Michigan Voter!

THOMAS E. DEWEY  
for President

HARRY F. KELLY  
for Governor of Michigan

Through New-Deal-controlled depression, for 10 years we have seen our liberties disappear. Year after year, millions have been forced to live on New Deal doles. Even Churchill, in 1937, accused the New Deal, through its persecution of capital, of forcing the world back into another depression! To restore our liberties, protect our freedom of speech, our vote and our opportunities to progress, vote for Dewey's program. To preserve good government in Michigan, re-elect Governor Harry F. Kelly!

#### DEWEY'S PROGRAM:

An administration devoted to public service instead of bureaucratic bickering.

An administration working in harmony with Congress.

An administration in which the Cabinet is restored as a responsible instrument of Government.

An administration in which you will not have to support three men to do one man's job.

An administration which will root out waste and bring order out of chaos.

An administration which will give the people of this country value received for the taxes they pay.

#### KELLY'S RECORD:

Distribution of blood plasma to civilians, a program which the medical profession says is saving 1,000 lives a year.

Statewide tuberculosis diagnosis program.

Pioneering in postwar adult education and preparing for return of veterans to civilian life.

More adequate aid for dependent children.

Increased assistance to aged.

More liberal assistance to injured workmen.

An administration made up of the ablest men and women in America who will receive full authority to do their jobs and will be let alone to do them.

An administration free from the influence of Communists and the domination of corrupt big city machines.

An administration in which the Constitution is respected so that the liberties of our people shall again be secure.

An administration which will devote itself to the single-minded purpose of jobs and opportunity for all.

Correlation of tourist and resort agencies.

Providing recreation facilities for "starved" metropolitan areas.

Youth guidance program designed to prevent delinquency.

Orderly future planning under State Planning Commission.

A farm program administered and approved by practical farmers.

Should the incompetent, radical-supported New Deal continue, we may end with dictatorship. THIS may be your last chance to vote for the preservation of your freedoms.

MRS. FILLION  
DIES SUDDENLY

Funeral Services To Be  
Held Thursday  
Morning

Mrs. Arthur Fillion, 37, of 901 First avenue south, died at 2:30 o'clock Monday morning at her home, of a heart attack.

Mrs. Fillion apparently had been in good health and word of her sudden death came as a shock to the entire community.

She was born, Marcella Gustafson, in Menominee, on June 26, 1907, and came to Escanaba with her parents, Mr. and Mrs. O. W. Gustafson, when she was two years old. Following her graduation from Escanaba high school, she attended St. Mary's college of Notre Dame and the Lawrence College Conservatory of Music at Appleton, Wis. Her marriage to Mr. Fillion took place at St. Patrick's church in 1926.

She was a member of St. Patrick's parish.

Her hobbies were books and boating and she devoted a great deal of her leisure time to these interests.

Surviving are her husband; one son, John A., who is at Bullis Preparatory School for Ann Arbor, Silver Springs, Md., her parents, Mr. and Mrs. O. W. Gustafson; one brother, Staff Sgt. Francis Gustafson, who is in France; and her grandmother, Mrs. Elizabeth Dumouchelle, of Menominee.

The body was taken to the Boyce funeral home where it will be in state at 7:30 o'clock this evening. Services will be held at 9 o'clock Thursday morning at St. Patrick's church. Rev. Fr. Norbert Freilinger officiating, and burial will be made in the family lot in St. Anne's cemetery.

STAR IN INDIA—Field Director Ryan meets up with Ann Sheridan's troupe in India, with Ann absent. Left to right, Jack Myles, master of ceremonies, Miss Ruth Denas, accordionist, Ben Blue, comedian, and Ryan. Scene was in Red Cross club.

Ann Sheridan Proved  
Disappointing To GI's

Manitowoc, Wis.—Some of the stories being sent out about Ann Sheridan and other screen and stage celebrities who have been overseas entertaining the soldiers, are true, according to Edward K. Ryan, Manitowoc attorney, home from India where he served as a Red Cross field director.

The CBI Roundup, an army newspaper published for soldiers in the China-Burma-India theater, in a recent editorial said that "something should be done" about

La Sheridan, after her return to the United States, was quoted as saying that while she is anxious to return to overseas entertaining she does not wish to go back to the CBI.

"It is," Miss Sheridan said, "too rough."

Field director Ryan, who was flown home after a year at air bases in India, said he followed with interest the recently aired feud between the CBI Roundup, and the movie stars and would be glad to give his impressions.

"Since being asked about it I will tell you a story that countless GI's in India begged me to send to the CBI Roundup before leaving for home," Ryan said, "boys who I feel were just annoyed by the attitude of some of the stars."

"I have no desire to become embroiled with any of the stars or their publicity agents but I would feel that I was letting the boys down and at the same time being unfair to the staff of the Roundup if I did not raise the facts in connection with my one experience."

**Ryan's Story**

But we will let Director Ryan go on with his story. Here it is: "Miss Sheridan arrived in the CBI theater during the last week of July. She and her troupe put on a performance at a hospital near my base on July 30, that being their first show in theater. The following night, they put on the show at the air base where I was stationed. Another show was billed for the evening of August 1 at another nearby base, that being her third performance in the first five days she was in the theater—a schedule which could hardly be termed rigorous. On the morning of August 1, Red Cross was beseeched to see what could be done about having Miss Sheridan appear at the Red Cross Club on the Base that afternoon for the benefit of several hundred GI's who had missed her performance the previous evening because they had been working on the night shift.

"These boys simply wanted to be able to write home and say they had seen Ann Sheridan; they didn't expect her or her troupe to put on their regular performance, but they did want

Edward K. Ryan

La Sheridan

her to put in an appearance. Miss Sheridan and her troupe were then quartered at the base, about a quarter mile from the Red Cross Club. After contacting Jack Myles, the master of ceremonies, through Captain Ted Ottinger, then executive officer for ATC at that station, now at his home somewhere in Ohio, and who, I am sure, can verify this account, I went to Miss Sheridan's bungalow in company with Capt. Perl Anderson and Lieut. Maurice Sherman, special service officers for ATC at that base.

**Party Agreed to Act**

"We talked to Jack Myles and Ben Blue, another movie star. After explaining the disappointment of the boys of the night shift and suggesting the impromptu appearance at the Red Cross club, they both were very cooperative and said they and the rest of the troupe, with the exception of Miss Sheridan would be glad to appear. They stated that they could not speak for Miss Sheridan and suggested that I return after 1 p. m. when she would be up.

"Returning after Miss Sheridan had arisen, found her playing solitaire. After hearing my request and suggestion upon behalf of the disappointed soldiers she said she was sorry she couldn't make it but that the rest of the troupe would go. Miss Sheridan had several excuses; she said that she was bothered with sinus trouble, that she was tired, that she was suffering from the heat and that she had to do her hair for the evening performance. I must admit it was hot, but her hair then looked as though it was molded in plastic.

**Naturally Disappointed**

"Jack Myles, the master of ceremonies, Ben Blue and Ruth Denas the accordionist, came to the club with us and put on a most satisfactory performance. The club was packed with GI's who greatly appreciated their fine effort, but of course they were greatly disappointed at Miss Sheridan's failure to appear. I might add that there are three or four letters here in Manitowoc which I wrote within the week after this unpleasant experience, reciting the same story.

"There is an unmentionable number of GI's and officers back at that base in India who also were aware of these facts and I am sure that the officers mentioned can, and gladly will, verify them. Based upon this experience, I feel that the controversial editorial in the CBI Roundup was not only justifiable and well grounded in fact, but long overdue. The spirit and general mor-

Young Nahma Girl  
Dies At Pinecrest

Anelda Seymour, 15, daughter of Mr. and Mrs. Alex Seymour of Nahma, died at 3 a. m. Sunday at the Powers sanatorium after an illness of one month. She was born Feb. 3, 1929, at Nahma.

In addition to her parents, Miss Seymour is survived by one sister, Laura, and five brothers, Lawrence, Elmer, Kenneth, Alfred and Donald. The body was removed to the Alto funeral home, and then to the family home. Funeral services will be held at nine o'clock Thursday morning from St. Andrews church, with the Rev. Fr. Nolan McKivitt officiating. Burial will be in Indian Point cemetery.

ale of the boys in that trying theater is something magnificently American and it should not be jeopardized by the whims of movie stars not anyone else, in my opinion.

"As the Roundup expresses it, in somewhat more modest words, 'if they aren't willing to go over there and give with the same unselfishness as motivates countless American boys, let them stay home'."

CUB LEADER — Howard Dufour, Cubmaster of Pack 411, sponsored by the Jefferson School P.T.A. of Escanaba, is one of the outstanding Cubmasters of this city. He has nine years of Cubing experience to his credit, and has been called upon several times to offer his experience by way of assisting in organization of Cub Packs. From information obtainable, he is one of the first Cubmasters working in that particular field since Cubbing was organized in Escanaba. At present he has under his charge fifty three Cubbs. He holds the Cubmasters Training Course Certificate. Mr. Dufour is a graduate of the St. Joseph Schools and is a member of the St. Joseph church. He is occupied as the custodian of the Jefferson School. Howard's hobbies are skating, woodcraft, and music, and is very capable in each. Two children are his pride and joy, a daughter age nine and a son age 11, who is in the Cubbs.

As a Cubmaster, Mr. Dufour has been very successful, making use of the various opportunities coming his way to improve himself in Cubbing. The Cub Pack meets every second Tuesday of the month at the Jefferson School, parents and others interested in Cubbing are cordially invited to attend these meetings. Pack 411 coordinates with Troop 457 of the Junior High School.

Paperboard rings to guard aerial bombs during transportation are saving 200,000,000 pounds of steel yearly.

BINDER RESIGNS  
DAILY NEWS JOB

Chicago Newspaper Man  
Accepts Minneapolis  
Editorship

Chicago—First break in the executive ranks of the Chicago Daily News, following the acquiring of control last week by the new publisher, John S. Knight, was the resignation of Carroll Binder, foreign editor and director of the Daily News Foreign Service. Mr. Binder will become editor of the editorial page of the Minneapolis Star-Journal, effective Dec. 1.

Paul Scott Mowrer, editor of the Daily News, announced he would assume the additional duties of foreign editor after Mr. Binder leaves the post he has held since 1936.

"It is a step long and carefully weighed and delayed," said Mr. Binder in commenting on his resignation from the Daily News, "only because before leaving my

WILL SPEAK HERE

Carroll Binder will speak on the Town Hall program in Escanaba early in January.

colleagues in the foreign service and the more than 80 clients with whom I have had such happy relationships, I wished to see the Daily News in the good hands of its new publisher."

Joined News in '22

In assuming his new duties as editor of the Star-Journal editorial page, Mr. Binder brings a wealth of experience gained as a reporter, foreign correspondent and editorial writer, prior to his directing the Daily News Foreign Service during the difficult pre-war and wartime years.

Born in Mechanicsburg, Pa., Feb. 20, 1896, of Quaker parent-

age, Mr. Binder received his education at York Academy, University of Pennsylvania and Harvard University, where he was graduated cum laude in 1916. After doing graduate work, he began as a reporter and telegraph editor of mid-western newspapers.

He joined the Daily News staff as a reporter specializing in sociological, industrial and political problems in 1922. He later became a member of the Daily News foreign staff, serving as a correspondent in Moscow, Rome and London. He was appointed assistant to the publisher in 1931, when the late Col. Frank Knox became publisher.

Mr. Binder succeeded Hal O'Flaherty as Daily News foreign editor in 1936 when the latter was named managing editor to succeed the late Henry Justin Smith. Mr. Binder covered the 1940 Havana Conference of American Republics and with the outbreak of World War II, he directed the enlarged Daily News foreign staff.

He also found time to visit Australia and New Zealand in 1941 and Great Britain and Ireland in 1942. He has written a weekly column on foreign affairs for the Daily News and has been a member of the executive committee of the Chicago Council of Foreign Relations.

During World War I, Mr. Binder served with the Quaker unit of the American Red Cross in aiding French refugees.

New York City lost about 25,000 over-mature trees in the September hurricane. City dwellers, short of fuel, learned for the first time how the word, "windfall," got its meaning.

MAN HAD BRICK IN HIS  
STOMACH FOR 10 YEARS

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking ERB-HELP and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by all Drug Stores here in Escanaba.

Millions Switch To  
Mutton Suet Idea  
For Chest Colds

Quickly Relieves Children's Colds,  
Coughs, Loosens Phlegm

Many mothers all over America are switching to this idea of getting fast relief for these chest cold miseries. They are simply following Grandma. For years she counted on mutton suet to help carry her home medication to do its pain-easing work on nerve ends in the skin. No wonder so many more now welcome Grandma's idea as improved by science—Penetro, with its multi-medicated formula in a base containing mutton suet—that acts both as counter-irritant and pain-reliever when you spread it on, and as a soothing aromatic when breathed in. And so today Penetro hurries along never help in the old reliable way—help that eases painful misery, lessens coughing, loosens phlegm, soothes chest rawness—so that you can rest more comfortably and give nature a chance to restore vitality. That's why millions are switching to Penetro today—why druggists are recommending it. 25c, double supply 35c. For all your family's chest cold miseries, be sure you get white, easy-to-use Penetro.

FACTS about  
Proposal No. 4

1. Elected officials of local governments in 83 Michigan counties are vigorously opposed to Proposal No. 4 which imposes Detroit rule on 11 cities and 18 townships in Wayne county. It constitutes the entering wedge for destruction of responsible government in every county of Michigan.
2. It vitally concerns all of Michigan. The so-called county home rule plan FIRST applied to ALL counties. It was beaten by Michigan voters in 1934 and 1936. The Wayne county scheme was rejected in 1942. Let's bury this threat for all time! Defeat Proposal No. 4!
3. Let Detroit clean house first in Detroit! Here is the record of Detroit city officials and Detroit state legislators, now elected AT LARGE:  
**CONVICTED!** One-third of Detroit city council, mayor and many police officials.  
**CONVICTED!** A majority of Detroit state legislators in 1944.  
Proposal No. 4 would impose AT LARGE elections with non-partisan ballots upon Wayne county, despite Detroit's record of corruption under that system.
4. Proposal No. 4 would destroy responsible county government. Wayne county has the lowest tax rate and bonded debt of any county of its size in the nation. Contrasted to the county's 13 per cent debt DECREASE since 1919, Detroit's debt has soared more than 11 times—\$30,627,253 to \$332,125,738. Detroit city taxes have doubled, while the county tax rate goes downward—dropping another 14 cents on Dec. 1, 1944.

JOBS AND OPPORTUNITY

"It took a World War to get jobs for the American people.

"Now, Washington is getting all set for another depression. They intend to keep the young men in the Army. The New Deal spokesmen are daily announcing that reconversion will be difficult, if not impossible. They say that relief rolls will be enormous.

"The reason for this long continued failure is twofold. First, because there never was a worse job done of running our government.

"When the W.P.B. fell apart, so did our chance under this administration for jobs after the war.

"The other reason for this long continued failure is because this administration has so little faith in the United States. They believe that our task is not to produce more goods but to fight among ourselves over what we have.

"I believe that we have not even begun to build our industrial plant. No living man has yet dreamed of the limit to which we can go if we have a government which believes in the American economic system and in the American people.

"There can be—there must be—jobs and opportunity for all at a high level of wages and salaries."

—THOMAS E. DEWEY  
Address—Philadelphia, Pa., September 7, 1944.

Esther Bergman  
Bride of Lieut.  
Harry M. Monson

Fall flowers and palms decorated Bethany Lutheran church for the candlelight service at four o'clock Sunday afternoon which united in marriage Miss Esther M. Bergman, daughter of Mr. and Mrs. George Bergman, 1016 Tenth avenue south, and Lt. Harry M. Monson, U. S. Naval Reserve, son of Mr. and Mrs. Andrew Monson, 305 South 18th street. Dr. C. A. Lund, pastor of the church, officiated.

Music of the service included an organ prelude, "A Shepherd's Evening Prayer," and "Jesus, Joy of Man's Desiring," played by Mark Bergman, brother of the bride; the traditional processional and recessional; Mrs. Bernard Lorimer sang "Calm as the Night" and "At Dawning" to accompaniment by Miss Lois Lundstrom.

Regina Bergman, sister of the bride, was the maid of honor and Carl Engstrom of Detroit was best man. Ushers were Vincent Bergman, brother of the bride, and Harold Bohm, brother-in-law of the groom.

The bride, who was given in marriage by her father, wore a long sleeved gown of ivory slipper satin, fashioned with a deep yoke of marquisette, outlined with embroidery and pearls. Her fingertip veil was secured by a crown of natural pearls, and she also wore a single strand of pearls, a gift of the groom.

The maid of honor wore a Victorian blue tulle dress, styled with a train that was a cascade of ruffles, sweetheart neckline, three-quarter length sleeves and a bonnet of blue ostrich feathers and veiling. Her bouquet was of yellow baby mums and tulle roses.

Mrs. Bergman, mother of the bride, wore black velvet and a corsage of red roses, while Mrs. Monson, mother of the bridegroom, wore a corsage of red roses.

Following a wedding supper served in the church parlors to sixty relatives and friends, the young couple left on a wedding trip to an announced destination.

For going away the bride wore a Kelly green dressmaker suit and brown accessories. They will make their home in Charleston, N. C., where Lt. Monson is stationed at present.

The bride is a graduate of Augustana college, Rock Island, Ill., and was employed by the Chicago Metropolitan Home Builders association.

Lt. Monson is a graduate of Michigan State college, East Lansing, where he was affiliated with Sigma Alpha Epsilon fraternity. He has just returned after 18 months duty overseas.

Out-of-town guests at the wedding included: Mrs. and Mrs. Carl

BY EPSIE KINARD  
NEA Staff Writer

**DUAL-PURPOSE WARDROBE**—New York—Fashions-to-be for the world of tomorrow have been cooked up plenty in idle talk and drawing-board sketches, but it took some up-and-coming Stephens College, Mo., students—probably the designers of tomorrow—to give ideas the substance of cloth, glove fabrics and shoe leathers.

These girls believe that postwar fashions will be influenced by air travel. To prove that the same clothes worn while you're piloting a plane can serve you as well when you push a perambulator, they marched out their pencil-sketched dreams in a collection of snappy flight fashions in a recent showing at Columbia's Municipal Airport. Aviation students served as models and whirling planes served as backdrop.

Showing the shape of things to come when you drive an air jetney and want to alight in style was a suit for the office plus a play-suit underneath, to wear while you're manipulating the rudders, brakes and stick. You see the visible two-piece office suit of Navy trimmed apple green shantung, designed by Gloria Montag, Portland, Ore., student, in the photograph at the left. What you don't see is the pilot's garb, which is a white shantung playsuit.

Planned with an eye to air hazards of tomorrow when skirts may be replaced by trousers, and when feet and hands that work the controls must be free of entangling alliances, were overall-styled work-suits. For proof that they're going to be pretty snappy, take a look at the dusty pink sharkskin number shown at the right, the original design of Jean Richter of Westfield, N. J.

Made for action, it has a pleated back, fly-front opening and tapered trousers and sleeves. Worn with suits of this type were monogrammed fallie scarves, half-and-half leather and knit gloves and workbag, and low-heeled, square-toed shoes with such safety devices as upswep vamp, open shank and instep tie. (NEA Photos.)

Church Events

**No Rosary Crusade**  
There will be no rosary crusade service this week for Daughters of Isabella.

Requiem high masses for departed members of the organization will be offered as follows: St. Anne's church, on Nov. 8 at 8 o'clock; St. Joseph's church, on Nov. 10 at 7 o'clock; and St. Patrick's church, on Nov. 11, at 7:30 o'clock.

**World Day of Prayer**  
The Woman's Society of Christian Service of the First Methodist church and the Central Methodist church will unite this afternoon in observing the World Day of Prayer. Services will be held in the Central Methodist church and will begin at 2:30 o'clock. The public is invited.

**W. S. C. S. Meeting**  
The Woman's Society of Christian Service of the Central Methodist church will meet Thursday afternoon at 2:30 o'clock. Hostesses are Mrs. John McMartin, Mrs. Irving McMartin and Mrs. Gust Carlson. The public is invited.

Hermansville

Pvt. Mike Posig of the U. S. Marines who is attending the Oberlin College at Oberlin, Ohio, is spending a few days visiting at the home of his parents, Mr. and Mrs. Frank Posig.

Pvt. William Allen of the Air Corps spent a few days visiting at the home of his parents, Mr. and Mrs. Harold Allen.

Mr. and Mrs. Norman Mauli of Daggett were callers Sunday at the home of his parents, Mr. and Mrs. Angelo Mauli.

Mrs. Victor Bennett has returned from Ann Arbor after spending the past several weeks visiting relatives.

Mrs. John St. Juliana has returned from Wayne after spending the past several weeks visiting relatives.

Mrs. Arthur Grose and children and Miss Thora Olson of Escanaba visited with friends here on Sunday.

Worry Clinic

With Case Records Of  
A Psychologist

(BY DR. GEORGE W. CRANE)  
CASE D-277: Myrtle B., aged 50, is the wife of a lawyer.

"We've been married for 27 years," her husband informed me, "and have been reasonably compatible."

"But she never wanted children. Early in our married life she worked for a while, since I didn't have a sufficient practice to pay all the bills."

"But when I later urged her to quit her job, she said she preferred working."

"I wanted children, but she objected. I didn't feel like forcing the issue, thinking maybe she'd change her mind voluntarily with the passage of time."

"But she never did. Now she has passed through the menopause, and can't have children. I have grown very bitter about this point, although I guess I still love her. She has now suggested that we adopt one, but I have refused. I want my own."

**Complacent Wives, Beware**  
"A year ago I met another woman about 35, who is very charming. She wants children. We get along very well together."

"My wife has noticed my coldness and lack of interest in our home, so she asked me what was wrong. I told her I would never be happy without children of my own, and that she had put it off till it was too late for her to have any, but it still wasn't too late for me."

"She cried and has been upset ever since. I don't know what to do. I'm willing to give her our home and see that she has enough to live on comfortably."

**Emotional Ties Are Strong**  
"But I still am wavering. It only she had been willing to have a youngster or two!"

"Maybe she couldn't have had one. She might have been sterile, but she wouldn't even be checked to find out, for she was disinterested in children."

"If she had wanted them, but couldn't have borne children, then I think I would have been willing to adopt a couple, and think no more about the matter."

"But I grow bitter everytime I consider the matter, for I hold it against her that she refused even to try to have a family. That seems to be the thing that angers me most."

**Menopause In Men**  
I am citing this case as a warning to you wives who keep procrastinating about having babies. Many husbands desert their childless wives in middle age to marry younger women who can bear their children.

This reaction is not so common in case the wife wanted children but was physically incapable of having them. In that event, the husband is not likely to cherish this bitter grudge which is evident in the lawyer quoted above.

He doesn't really crave children, for he is just 50 years old, himself. But he is at the male menopause where he is growing fearful of his own sex vigor and children would be a symbol of potency. His wife could still hold him, if she would play her cards wisely, but she has greatly jeopardized her chances by her earlier refusal to have babies.

Sometimes it is the man who refuses to permit his wife to bear children. Don't heed such a husband, for in the menopause he often reverses himself, and then blames the innocent wife because he doesn't have an heir. He may then desert her and seek a younger wife.

Get your children while you can. If you are sterile, adopt a couple, for the true parent-child relationship is a spiritual bond. You can love foster children as deeply as you love your mate. The latter is no blood relative of yours, either!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 3c stamped, addressed envelope and a dime to cover typing or printing costs when you seek personal advice or one of his psychological charts.)

**THE HONOR ROLL**  
Leeds, S. C. (P)—The Legion of Merit, fourth highest decoration of the U. S. Army, has been given to S. Sgt. William H. McCollum of Leeds, for contriving "ways and means of making food tasty and appealing" while his unit was operating under difficult battle conditions in North Africa.

**Everest Was Ocean Bed**  
Mount Everest, highest in the world, whose summit is five and one-half miles above sea level, once was completely below the surface of the ocean.

**HOLD CARNIVAL AT GHS TONIGHT**

**All Youngsters Of City Invited To Attend Party**

A big Hallowe'en Carnival is to be held tonight at Gladstone high school, it is announced by Supt. Wallace Cameron.

The event is for boys and girls of all ages and will begin at 7:15 o'clock this evening. However, the younger folks will have to leave the school at 10 o'clock and return to their homes while junior and senior high school pupils may remain for dancing.

There will be booths including fish pond, candy, dart games and shooting gallery and at 9 o'clock several school organizations including the Hi-Y club, Senior Girls League, Student Council and Girls Athletic association will present skits on the stage.

Persons attending must come costumed or in old clothes. A very small admission charge will be made. Adults wishing to watch the fun may do so from the balcony. A nominal charge will also be made for adults.

Sponsored mainly by the Student Council, funds derived will be used to defray expenses in connection.

**MISSING IN GERMANY**

Ironwood—Mrs. Matt N. Holmes Arch street, has received word from the war department that her husband, Pvt. Matt N. Holmes has been missing in action in Germany since October 10.

Pvt. Holmes entered the service March 27, 1944. He was home on furlough in August, leaving August 21 and was sent overseas shortly after.

He is in the infantry.

**Will Discuss Plans for Year**

J. L. Heirman, county agent, has called a meeting of Schoolcraft county farmers, to be held Tuesday afternoon at rooms in the basement of the post office building for the purpose of discussing plans for his work during the coming year.

J. C. Wells Jr., superintendent of county agents of the upper peninsula, will be present to assist in the discussions. The county agent will preside.

Tuesday being the close of the fiscal year for the county agent's activities, he deems it very important that as many farmers as possible be present.

**Social**

**Shower Party**  
A miscellaneous shower, given in honor of Miss Phyllis Sauheill, was held Friday evening at the home of Mrs. Alfred Richey.

Cards were played throughout the evening with prizes being awarded to Mrs. A. Sauheill, high, in five hundred. In Pedro, Mrs. A. Graham received high, and Annie Sauheill, low. Mrs. A. Graham was awarded the guest prize.

A delicious lunch was served at the close of the evening.

Phyllis received many lovely gifts from her friends.

**Meeting**  
The Legion and Ladies' Auxiliary, Post 83, held a social evening Thursday in the K. of C. hall.

A program, which was arranged by the Legion, was presented, and movies were shown.

Five hundred was played during the evening with Mrs. John Weber winning high score.

Tasty refreshments were served by the Legion at the close of the evening.

**To Hold 4-H Club Leader Course**

There will be a 4-H club leaders' training course in the court room at the court house on Tuesday evening to which adult and junior leaders are asked to attend.

O. F. Walker and Mrs. Edith Johnson, both of Marquette, state assistant club leaders, will be present to lead the discussions and propose groundwork for activities in the coming year.

The meeting will be in the nature of a round table discussion and all club leaders are asked to be prepared to present their problems and make suggestions.

**Obituary**

**SGT. L. LAMOURIE KILLED IN ACTION**

**Parents Receive Word Of Son's Death Monday**

Staff Sgt. Leonard W. LaMourie, 26-year-old son of Mr. and Mrs. Omer LaMourie, Weston avenue, has been killed in action.

Word of the young man's death was received Monday morning in a telegram to his parents from J. A. Ullio, adjutant general, Washington, D. C., stating that Sgt. LaMourie had met death while fighting in Germany on October 12.

Sgt. LaMourie was born in Cooks, Mich., Dec. 28, 1917 and grew to manhood in that vicinity. At the time of his enlistment in March, 1941, he was employed as salesman by the Williams Packing company, Muskegon. He received his basic training at Fort Knox, Ky., and was stationed at Ft. Benning, Ga., before going overseas. He was married in June, 1942, to Lucille Gireau of Muskegon and they have a daughter, Joan, who is 18 months old.

Surviving are his parents, Mr. and Mrs. Omer LaMourie, Manistique; sisters, Mrs. Ed Geneaux, Kingston, Ky.; Mrs. Omer Morey, Escanaba; Mrs. Paul Fountain and Mrs. Russell Thomas, Manistique; Miss Luella LaMourie, Monterey, Calif.; Louis LaMourie, Oceanside, Calif.; Leola, Lyle and Lawrence, at home.

A memorial service is being planned, the time of which has not as yet been set.

**SCHOOL PLANS COSTUME PARTY**

The annual high school masquerade party will be held in the old gymnasium tonight from 8 to 11 o'clock. The G. A. A. is sponsoring the affair.

Committees have been drawn up and those in charge of them are: Decorations, Dawn Van Zeyck and Katherine Nelson, co-chairmen; chaperones, Leola LaMourie, publicity, Evelyn Hanson and Margie Hough, door committee, Betty Jean Nelson; clean-up, Nancy Cookson and Ann Peterson, co-chairmen.

Prizes will be awarded for the funniest costume, the most original, the most beautiful, and the teacher's most original.

The high school swing band will furnish the music for the event. All parents are invited to attend as observers.

**City Briefs**

Mrs. Joseph Rouleau left Saturday for Escanaba where she will spend a few days visiting with friends and relatives.

Mr. and Mrs. Theodore Willebrand left Saturday for Detroit where they will visit with relatives and friends.

Mrs. William Carlson and Mrs. Joseph Carlson of Grosse Pt. Woods, Mich., are visiting here at the home of Mrs. William Carlson's mother, Mrs. Clyde Wygal.

**Relief At Last For Your Cough**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## HOPES OF NAVY COACH DIMMED

Top Passing Threat To Be On Bench In Tilt With Notre Dame

BY FRED STABLEY

Annapolis, Md., Oct. 30 (P)—Chances that the twice-beaten Navy football team will turn back the mighty Irish of Notre Dame Saturday at Baltimore hit a new low today when Tar Coach Oscar (Swede) Hagberg disclosed that his top passing threat, Hal Hamberg, was definitely out of the test.

Hamberg, whose accurate aerials were practically all Navy's attack in its 33 to 6 losing effort against Notre Dame last year, was in for just three plays and aggravated an old leg injury in his team's 26 to 0 conquest of Penn Saturday at Philadelphia.

Only last night, Hagberg still held out hopes that the 150-pound firebrand who has averaged ten yards per passing and running try in three games this year, would be back in there against the Irish. Last year against Notre Dame at Cleveland, he clicked for 13 completed passes and Navy's only score on a heave to Bill Barron.

With Hamberg out, passing duties fell to Bob Jenkins, the former Alabama flash, and possibly Bruce Smith, the promising Miami, Fla., halfback, who has seen little action this year. Neither, however, can hope to fill Hamberg's shoes.

The gloom surrounding Hamberg's hobbling exit from the 64,000-person sell-out test in Baltimore Municipal stadium, was dispelled somewhat, however, with the disclosure that other injured players probably would be ready.

Ralph Ellsworth, the former Texas running star, who played a little against Penn after being down with injuries, was reported in condition, as was Dave Barksdale, star blocking back. Ed Dera-mee, first string guard who has been ailing since the Penn State game with a knee injury, is likely to be ready against the South Benders.

## Army Replaces Irish As Football Favorites

BY HAROLD CLAASSEN

New York, Oct. 30 (P)—Army's unbeaten football horde replaces Notre Dame as the kingpin in the collegiate world in the opinion of 101 of the sports writers polled by the Associated Press.

The Cadets were marked No. 1 on 41 of the ballots and drew enough attention in the other berths to pile up 898 points. Notre Dame, listed on top by only 15 writers, was placed on every one of the ballots to wind up second, exactly 100 points behind Army.

It is the first time in 14 tabulations that the Irish, who had a rugged time Saturday in turning back Illinois by a 13 to 7 score, have not been on top. In one mid-season canvass during the 1943 campaign they garnered every first place vote.

The Cadets, who came from behind a 7 to 6 score at the half to subdue Duke by a 26 to 7 mark Saturday, also were listed on every ballot this week and received 32 nominations for second, 18 for third, four for fourth, three for fifth, two for seventh and one for ninth.

The two leaders are scheduled for New York City's Yankee stadium a week from Saturday.

Ohio State's all civilian outfit garnered 17 designations as the country's best and moved into

third place with 772 points, showing the potent Randolph Field aggregation to fourth with 716. The Texas Flies were first on 18 ballots. Both the third and fourth teams thus finished with more first place tickets than did the Irish.

Georgia Tech, Navy, Iowa Pre-Flight, North Carolina Pre-Flight, Illinois and Michigan followed the top four in that order. The return of the Middles to the elite ranking and the elevations of Illinois and Michigan was made possible by the dropping of Tulsa, Pennsylvania and Purdue following their defeats of Saturday.

The ranking teams, determined on a basis of 10 points for each first place vote, nine for second, eight for third, etc. (First place votes in parenthesis):

The top ten:	
Army (41) .....	898
Notre Dame (15) .....	798
Ohio State (17) .....	772
Randolph Field (18) .....	716
Georgia Tech (1) .....	532
Navy (1) .....	383
Iowa Pre-Flight .....	315
North Carolina Pre-Flight .....	174
Illinois .....	168
Michigan .....	167

## New Fast-Shooting Firearms May Be Curbed In Michigan

Lansing, Oct. 30 (P)—Hunters intending to adopt new rapid-fire and multiple-shot firearms, modeled after Army weapons, were warned today their initial use of the guns may determine whether that use may be restricted by law.

P. J. Hoffmaster, state conservation director, declared widespread use of such weapons might result in "senseless slaughter" of wild life and an increase toll of hunters' lives, said "it is to be expected, I suppose that these variations of sub-machine guns and automatic rifles already being advertised will be snatched up by some hunters as they become available. It may become necessary to pass legislation requiring such guns to be plugged, the same way repeater shotguns must be plugged while hunting."

Michigan State's hopes for maintaining its undefeated football record will rest largely upon a stout defense when the Spartans go against the University of Missouri at Columbia, Mo., next Saturday.

Eighteen points is the sum total scored against State in five games, and as Coach Charley Bachman pointed out today, the 12 by Seranton University and six by Kansas State were made against third and fourth string reserves.

Bachman started his squad off on a busy week of practice Monday by pointing to Missouri's offensive record this year and telling his charges that a better forward passing attack would be needed against the Tigers. Missouri has won only one of six games, a 33-0 conquest of Kansas State, but accumulated four touchdowns against Minnesota, three against a Navy trainee laden Iowa State squad and as many against Nebraska last Saturday.

"Missouri apparently is putting all emphasis on its attack," Bachman told his squad. "It's a team that will explode in your face and I hope that you will play the kind of a defensive game that will protect us against surprises. You can do it."

Jack Breslin, Bob Brueger, Bill Maskill and Fred Aronson threw the ball steadily for nearly an hour this afternoon to ends and backs in a skeleton drill while the reserves scrimmaged Missouri formations for use against the varsity later in the week. Frank Brogger, burly pass catching end and one of State's line leaders, is nursing a severely bruised hip that needs treatment before he can play in the Missouri game. He sustained the injury in the Wayne game.

Coach Ed McKeever announced that Mike Davlin, 16-year-old end, probably would be lost for the season due to a chipped knee suffered last Saturday as the Irish eked past Illinois, 13 to 7.

## Pheasants Improve Land

Pheasant crops provide an economic justification for saving and developing woodlots, fence-rows, roadsides, swamps, ponds and bits of otherwise useless land. The wildland thus saved keeps a farm in biological balance and more productive, contributes to soil erosion control and makes portions of each farm a better sponge to soak up and hold valuable rainfall.

Wartime motorists from coast to coast say...

**"No car like a Studebaker!"**

"Not for sale," says county official "Twice I've had attractive money offers for my Champion," says J. Stanley Howard of Liberty, Kentucky. "I won't sell because Studebaker economy and stamina in wartime mean too much."

"No engine repair bills," says this owner "My Studebaker Champion is a joy to own these days," writes college teacher Audrey L. Packham of Florida. "I've had no engine repair bills."

**STUDEBAKER WEASEL**

Nicknamed the Weasel because of its sleekness and swiftness, its sure-footed traction on virtually any kind of terrain, this new vehicle is powered by a Studebaker Champion engine and built by Studebaker under contract with the Ordnance Department, Army Service Forces. A water-borne Weasel, the M-29C, is also now in service.

Studebaker... Pioneer and Pacemaker in Automotive Progress

**KICKS UP TROUBLE**—Duke's record isn't imposing, but performances of triple threat Gordon Carver and mates against North Carolina Pre-Flight and Navy made it clear that they would give Army first real test. (NEA Photo.)

## Joe Louis To Visit 10 Cities During 21-Day Furlough

New York, Oct. 30 (P)—Staff Sgt. Joe Louis, heavyweight champion of the world, will make a ten-city exhibition and refereeing tour during his 21-day furlough that started October 28, according to an announcement today by Max Waxman.

A three-round exhibition with Johnny Denson at Detroit's Olympia Nov. 3 will be the opener of the jaunt that will take him through the east and wind up in the middle west Nov. 17.

## Grade School Cage League Organized

A grade school basketball league has been organized at the city recreation center under the direction of Don "Pedro" Pelletier. Sixth to eighth graders are eligible for the league. Some of the schools have already submitted lineups.

Pelletier played football and basketball in 1931 for St. Joseph high school.

Statistics have shown that married people live longer than single people.

No human voice can come close to imitating the song of the birds, according to scientists.

## The Sports Parade

By Ken Gunderman

All of the headaches that many bowling proprietors around the country are experiencing this year may be eliminated as soon as the War Production Board gives the nod to manufacturers for the resumption of the production of civilian goods. An automatic pin setting machine has already been invented that will eliminate the pin boys and the machine has had extensive tests. It really works. Production was stymied by the war just as the machine was completed. Since then the designers have improved the model and have shown it in operation to a number of bowling writers and ABC officials.

The pin setting machine operates with 21 pins and functions on a suction principle. All of the pins are swept from the alley after the bowler rolls his first ball and then the pins left standing are returned to the alley by the machine. A series of lights informs the bowlers the number of pins still on the alley for the "spare." The ball is automatically returned from the pit to the ball rack. There may even be a device to automatically register the cumulative score. The machine is so perfected that if the first ball hits the gutter and fails to remove a pin but the second ball mows down all of the pins, the machine will register a spare and not a strike.

According to the present plan.

## BRAVES FACING KEENEST TEST

Meet Eskymos Saturday; Trojans Travel To Stephenson

The undefeated Braves of Gladstone, bidding for at least a share of the upper peninsula football championship, will face its toughest test next Saturday, meeting the upsurging Eskymos of Escanaba in the season's finale at the Marble athletic field. The Trojans of St. Joseph also meet their keener rival at Stephenson Wednesday in another climax of the football season.

Gladstone disposed of Stephenson Saturday, 18 to 0 to keep its record unmarred and to remain in the thick of the peninsula football scramble. The Eskymos showed surprising improvement in playing a highly touted Marinette team to a standstill before bowing, 18-12, in a thriller.

That the Escanaba-Gladstone battle will be one of the toughest games in the long series between the schools is conceded by both coaches. For the first time in years the Braves will enter the fracas as the favorites but by odds so slim that it leaves little to choose between the teams.

The St. Joseph-Stephenson game also stacks up as a tossup, a game that probably will produce a lot of thrills. The Trojans showed their best offensive punch of the season at Munising last Saturday, winning, 34 to 0, but the Eagles of Stephenson previously had laced the Algers, 33 to 0.

## RESERVED SEATS

Gladstone, Mich.—Reserved seats for the Gladstone-Escanaba high school football game, will be available this year, it was announced yesterday by Sup't. Wallace Cameron of the Gladstone public schools.

The game will be played at Marble Athletic Field Saturday and will bring together the hard-luck Eskymos and the undefeated Braves. It will be the season's windup for both teams.

Section B which runs north of the 50-yard line is being reserved for Gladstone fans while Section C which is south of the 50-yard line is for Escanaba fans. Sections A and D are not being reserved and are for students.

Reserved seats and tickets may be obtained at Gust Asps in Escanaba and at Dehlin's drug store and the high school in Gladstone.

The first electric locomotive made its trial trip April 29, 1875, at a speed of 19 miles an hour.

The diamond has the simplest chemical structure of all gems, being merely crystallized carbon.

## New Bowling Interest Taxes Alley Facilities

In spite of the substantial reduction in the number of active young men in the community, bowling as a pastime is taking on renewed impetus this fall.

The sport, which started a few weeks ago, and which by now is well organized in Escanaba, has attracted a record number of participants.

Leagues have been formed which tax the facilities of the Arcade and Elks club alleys, with the result that the occasional bowler is having difficulty locating an available alley upon which to try his skill. Practically every evening is devoted entirely to scheduled league events, leaving only afternoons open for individual play.

The invasion of women into a sport once classed as strictly a man's game is given as one of the reasons for the boom in the ten pin business. Another opinion is that more men are realizing the need for entertainment and relaxation, and are turning to the game, which for several years has been promoted as a healthful recreation.

At the Elks club alleys, which are available only to Elks and members of their families, 12 teams of five ladies each are represented in the Women's leagues which occupy the alleys every Monday and Thursday evening. Two additional women's leagues of six teams each, representing 60 women, take the runways twice a week at the Arcade.

In the mens' department at the Arcade alleys the major league returned to an eight team setup this year to accommodate the extra demand for membership. Included in the league are teams representing Richie Electric, Granada Gardens, Coca Cola, Hansen and Jensen Oils, Metropolitan, Bark River Culvert, Knights of Columbus and Hoyle and Bauer.

## Are Evenly Matched

Up to last week the major league was a free for all, with five teams fighting for top honors. Included in the tie with six victories and three losses were H. & J. Oils, Richie Electric, K. of C., Coca Cola and Metropolitans.

In the City league, also with eight teams, Johnston Printers and Delta Hardware are sparring for first berth, each team having one win and lost three. The Northsiders are next with four wins and two losses. Other teams in this league include Peterson Furniture, C. & N. W., Maytag Sales, Forest Service and United Commercial travelers.

Setting the pace in the classic league with a string of tie for first place are L. & L. and Clairmont transfer, each with nine wins to their credit against three losses. Close behind is the Pepsi Cola outfit, with six wins out of 12 starts.

The Lions, with five wins and one loss, are leading alone in the Delta Bowling league, formerly the service club league. The Panthers are runners up, having lost two sets and won four.

In the six team Escanaba Paper company league the Boilmakers and Papermakers each have won six sets and lost two.

## Battling it out for first place in the Bay de Noc league are the Maple Clippers and the Rockettes, with eight games won and only one lost. Trailing in third place is the Hit and Miss team, having taken four while losing five. Belles and the Michigan Bell are tied for the lead in the Women's Major circuit, with 11 wins in 15 games.

Individual averages to date are slightly under par. The L. & L. outfit is tops in three game total with 2710 pins, while Pepsi Cola has rolled a 961 for high individual game. During the last week Bill Kraiger toppled the maples for a three game 604 series, the first over 600 this season.

## Packers' Passes Click

The packers, maintaining their perfect record in league play, advanced only 115 yards rushing in beating the Lions for the second time this year, but clicked for 112 yards in the air on eight completions out of 26 passes.

Hutson, catching three of the aerials for 37 yards, increased his season total to 38 catches for 550 yards. His two placement boots after touchdown hiked his scoring total for the season to 50 points.

Sinkwich, going into the game as the league's rushing leader, picked up but 46 yards in 18 carries against the Packers. Sinkwich's pitching was more effective, accounting for 73 yards on six completions in 15 throws.

## League Standings

## MARKET TAKES MONDAY SLUMP

BY VICTOR EUBANK

New York, Oct. 30 (P)—For the fourth consecutive Monday the stock market today stumbled, selling pressure was light and extreme losses running to a point or so at the worst were reduced or cancelled here and there during the day.

Such offerings as appeared apparently were based on moderately bearish advice of some investment services, persistent cloudiness of the political picture and continued doubts regarding industrial transition. Dividends, earnings and lack of reconversion troubles brought bids for individual favorites.

The Associated Press 60-stock average was off 1 of a point at 547. Of 817 issues registering, 399 were down, 204 up and 214 unchanged. Transfers of 6977 were compared with 927,325 Friday and were the smallest for a 30-day stretch since October 16.

On the Pacific coast, Southern Pacific, General Motors, Chrysler, Sears Roebuck, Western Union, A. J. Johns-Manville, Kennecott, Standard Oil, J. General Electric, Douglas Aircraft, United Aircraft, American Can and Philip Morris.

Grumman Aircraft touched another top for 1944. U. S. Steel and Bethlehem, behind until the final few minutes, ended up 1-8 each. Modest improvement was recorded for American Telephone, Pennsylvania, Texas Co., Anaconda, Goodyear, Westinghouse and North American.

Bonds were uneven. At Chicago wheat was down 1-8 to up 1/4 of a cent a bushel. Cotton was off 15 to 30 cents a bale.

## BOND SESSION SLOW

In one of the slowest sessions of the bond market prices held virtually stationary today and where changes did occur they were small and in opposite directions. All major groups in the Associated Press averages were unchanged except the utilities, which lost 1 of a point. Sales of \$4,890,000 of U. S. bonds since September 27 and compared with \$5,093,000 last Friday.

Other than the steady buying in the higher priced corporates, the market was completely devoid of feature. American Water Works, 68, reached 100. Northern Railway, 81 1/2, traded at 119 1/2. Pacific Telephone 31 1/2, at 108 1/2 and Wilson Co. 31 moved up 1/2.

Popular priced issues generally ended within small fractions either way of Saturday's prices and there were many hands and orders at going levels. A few exceptions included Baltimore & Ohio southwest division which was up 1/2, and North Carolina, which moved up a point to 55. U. S. governments were quiet. U. S. 2 1/2's, 1945-46, were off 1/2 to 3-7/8 points at 24 5/8 but other foreign loans held relatively steady.

## CHICAGO PRICES

CHICAGO BUTTER

Chicago, Oct. 30 (P)—(WFA)—The butter market was firm today and unchanged at OPA ceilings.

## CHICAGO EGGS

Chicago, Oct. 30 (P)—(WFA)—Eggs were firm, large No. 1 and 2 extras, 50 to 51 1/2; No. 3 and 4 extras, 47 to 49; medium extras, 40 to 43; standard extras, 37 to 40; small extras, 35 to 38; dirties, 31 to 34; checks, 31 to 33 1/2.

## CHICAGO POTATOES

Chicago, Oct. 30 (P)—(WFA)—Potatoes, arrivals 243, on track 403, total U. S. shipments, Saturday 879. Sunday arrivals 243, on track 403, total U. S. shipments, Saturday 879. Demand moderate, market steady; for northern stocks, demand very slow, market dull and unsettled; Idaho russet, 1944-45, 1945-46, 1946-47, 1947-48, 1948-49, 1949-50, 1950-51, 1951-52, 1952-53, 1953-54, 1954-55, 1955-56, 1956-57, 1957-58, 1958-59, 1959-60, 1960-61, 1961-62, 1962-63, 1963-64, 1964-65, 1965-66, 1966-67, 1967-68, 1968-69, 1969-70, 1970-71, 1971-72, 1972-73, 1973-74, 1974-75, 1975-76, 1976-77, 1977-78, 1978-79, 1979-80, 1980-81, 1981-82, 1982-83, 1983-84, 1984-85, 1985-86, 1986-87, 1987-88, 1988-89, 1989-90, 1990-91, 1991-92, 1992-93, 1993-94, 1994-95, 1995-96, 1996-97, 1997-98, 1998-99, 1999-00, 2000-01, 2001-02, 2002-03, 2003-04, 2004-05, 2005-06, 2006-07, 2007-08, 2008-09, 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, 2023-24, 2024-25, 2025-26, 2026-27, 2027-28, 2028-29, 2029-30, 2030-31, 2031-32, 2032-33, 2033-34, 2034-35, 2035-36, 2036-37, 2037-38, 2038-39, 2039-40, 2040-41, 2041-42, 2042-43, 2043-44, 2044-45, 2045-46, 2046-47, 2047-48, 2048-49, 2049-50, 2050-51, 2051-52, 2052-53, 2053-54, 2054-55, 2055-56, 2056-57, 2057-58, 2058-59, 2059-60, 2060-61, 2061-62, 2062-63, 2063-64, 2064-65, 2065-66, 2066-67, 2067-68, 2068-69, 2069-70, 2070-71, 2071-72, 2072-73, 2073-74, 2074-75, 2075-76, 2076-77, 2077-78, 2078-79, 2079-80, 2080-81, 2081-82, 2082-83, 2083-84, 2084-85, 2085-86, 2086-87, 2087-88, 2088-89, 2089-90, 2090-91, 2091-92, 2092-93, 2093-94, 2094-95, 2095-96, 2096-97, 2097-98, 2098-99, 2099-00, 2100-01, 2101-02, 2102-

# DISCUSS COUNTY FARM PROGRAM

Planning Committee In Meeting Yesterday At Court House

The Delta county agricultural planning committee, including Delta county farmers and representatives of federal agencies, yesterday at a meeting in the courthouse at Escanaba proposed certain measures for the continued development of the county's agricultural program in the year to come.

E. A. Wenner, county agricultural agent, called the meeting. J. G. Wells, superintendent of the Chatham Experimental Station, and D. L. Clannahan, Marquette, Michigan State College crops specialist, also attended the meeting.

The committee is composed of B. L. Braamse of the FSA office; Frank Brander of the AAA; Paul Wohlen, U. S. Forest Service supervisor; and the following Delta county farmers: Emil DeBacker, Clarence Anderson, Ed Bergman, Jules VanDamme, Grey Knaus and Emil Moser.

During the morning session there was discussion of improvements in the potato growers contest, and certain refinements in the contest plan were suggested.

In the afternoon there was considerable discussion of a plan to assist discharged veterans who so desire to locate on farms in this county after the war. Generally the program will be handled through the county agricultural agent's office with the assistance of the committee members.

A list of available, or farms which may become available, for purchase by veterans will be prepared. In discussion it was stressed that the veteran will be discouraged from attempting to settle and farm new lands. It will be recommended that the veteran locate on cleared land where some buildings are located.

A more complete farm census of the county this coming winter was recommended, because many farms were unlisted in the 1939 census.

There was discussion of the income tax return plan which would permit farmers to file their returns, with the assistance of the county agricultural agent, not later than January 15, rather than the March 15 deadline. The county agent is prepared to assist farmers with advice on tax questions.

The committee advocated an increase in the purebred sire program for Delta county this coming year, and a series of booster meetings were recommended for this purpose. County Agent Wenner said that he expects the number of purebred bulls to be purchased in the county will increase next year.

## OPA Tells Bakers To Make Requests For Extra Rations

Bakers, confectioners, breakfast cereal makers and other industrial users of rationed foods must make application to OPA before December 15, 1944, for any upward adjustments in allotments of rationed foods or changes in ration bases required as the result of pre-rationing investment in equipment for expansion of production, the Office of Price Administration announced.

Application also must be made before that date for any adjustment wanted because fire, flood or strike during the user's base period made the base unrepresentative of his operations, or because any other pre-rationing occurrence or factor made it unrepresentative.

## Rexall 1c Sale Here Thursday

This Amazing Sale Event Originated Over 30 Years Ago Still Gains Fame

The good news that Escanaba shoppers have waited for was announced today by Mr. Goodman local Rexall druggist. Beginning Thursday and continuing through Saturday the Goodman's Drug Store again will feature the nationally known Rexall Original One Cent Sale.

Today the amazing One Cent Sale Plan seems even more phenomenal than when conceived more than thirty years ago by Louis K. Liggett who, ten years before, had founded the great United Drug Company.

This great enterprise has grown from a tiny 14 - employee co-operative in 1903 to one of the largest and most reputable enterprising drug manufacturing concerns. It now comprises acres of laboratories, manufacturing plants, and warehouses from coast to coast.

From these strategically located warehouses are dispatched carloads of the famous Rexall products to the more than 10,000 independently owned Rexall Drug Stores in an effort to supply the tremendous demand for the merchandise offered during this One Cent Sale.

"If we are unable to provide our friends with every item they might want" says Mr. Goodman, "we are sure they will understand it is due to conditions beyond our control."

Mr. Goodman, also emphasized that all items are full-quality and that all are from fresh stocks just received prior to the Rexall Original One Cent Sale.

# Parents, Not Children Cause Of Delinquency

It is the thoughtless and insufficient parents who are the cause of juvenile delinquency, not the boy and the girl, Judge Henry Graass of Green Bay declared last night in an address to the Escanaba Rotary club at its semi-annual ladies' night program at the Escanaba Golf club.

Circuit court judge for 32 years, and with an unflinching interest in youth, Judge Graass maintains a camp for Boy Scouts and underprivileged children, is a firm believer that if it were not for "parental insufficiency" there would be no juvenile delinquency. He was introduced last night by John Lemmer, toastmaster. Leslie Olson, Rotary club president, presided at the dinner meeting.

Judge Graass scored the radio programs which, he said, excitedly describe a life of crime—and end with one sentence: "Crime does not pay." This, he said, often goes unheeded. He criticized city councils and officials who, while they regulate the quality of milk which may be sold in a community, permit the distribution and sale of salacious literature.

Statistics from the Federal Bureau of Investigation were presented to show the alarming increase in juvenile crime. In 1918 the average age of the criminal for the country was 25 years, in 1942 it was under 18.

While many factors combine to make up the contributions resulting in an increase in delinquency, the home is the most important, he said. In every community there are those who are "either stepping stones or stumbling blocks" for youth. This same condition occurs among parents in the homes.

"You know many men and women in your community who, when others come in contact with them, are contaminated. They are the stumbling blocks. So also there are others who elevate and restore faith and give inspiration. These

are the stepping stones," Judge Graass observed. "As a judge I always seek to determine the cause of juvenile crime. Sometimes this necessitates much additional work, takes additional time. But in 60 per cent of the cases in my experience, the cause was not the child's delinquency—but the parents' insufficiency."

As a result of his study, Judge Graass now has the parents as well as the child brought into court.

"Where the cause is one of parental insufficiency, I tell them they are the ones who should be sent to prison, not their child," Judge Graass declared.

He rapped such seemingly harmless subterfuges practiced by parents as asking a child to excuse the parent with a lie over the telephone, and declared the child so much seeks to emulate the parent that fathers and mothers should by example become "stepping stones" for their children. Fathers, particularly, he said, have a great influence over the future conduct of their children. This parental responsibility must be accepted and the child guided and encouraged by example and precept into the proper pathway of life.

He drew on his personal experiences, his own observations in his work with children, to illustrate how the majority of children, even those from the most unfortunate home environment can be saved if given the opportunity—and the kindly interest of an adult, and the willingness of the people of a community to cooperate in giving them the chance to make good.

According to the Roman writer, Pliny, boats were invented in Egypt and were first made of papyrus.

Motoring facilities are three times greater at night than during the daytime.

## Stolen Car Driven Into Tree, Wrecked

Police yesterday were investigating the theft of a car owned by Marion Aley of 201 North 16th street, which was driven into a tree at Third avenue north and 15th street, about two blocks from the Aley residence.

Grant Way, Railway Express driver, saw the accident at 4:50 a. m. yesterday, but by the time he had stopped his own vehicle and returned to the accident scene the car was abandoned.

A flashlight and a .12 gauge shotgun shell, neither of which belonged to the Aleys, were found there. The flashlight was in the car and the shell on the ground nearby.

## Illegal To Shoot Birds From Tractor

Lansing—Shooting of birds or other game from the seat of a tractor-drawn corn binder or other mechanically driven farm implement is an unlawful method of hunting, the conservation department emphasizes. Farm implements are classed with automobiles, airplanes, floating devices or other contrivances "propelled by or using as motive power, steam, gas, naphtha, oil, gasoline, or electricity," in the meaning of the law.

The point is raised because a boy recently wounded himself in attempting to bag a pheasant from a bucking tractor seat.

Starlings were introduced into the United States in 1890.
